Governor Meets With Brown

NOTES FROM A CITY EDITOR'S DAYBOOK — A recent proposal by a local bank to rent or lease "four or five" parking stalls in order to install a sidewalk teller station has some city council members non-plussed.

The idea apparently is sound and logical. The bank would expedite the handling of customers who otherwise would have to find a parking spot, walk to the bank for an ordinary errand like cashing a check.

Under the proposed system, the customer would drive to the curbstone station and without getting out of his car, transact the ordinary types of business by means of a conveyor and loud-speaker system connected to a teller located inside the bank with a window facing onto the street. Pedestrians, too, could do that sort of business without entering the bank.

Unquestionably the plan would help the bank's business. It also would help the parking problem in the downtown area and make many customers happy.

But it also raises a problem of how far a city can go in renting or leasing parking spaces. There's another bank in town.

There will be another bank, or loan institution, opening here in the very near future.

As one councilman told us, the city would undoubtedly be besieged with requests from various businesses for rented parking space.

It also raises a legal question. With the streets metered for city revenue and on a first come, first served basis, can a city legally rent or lease parking stalls for private businesses? Is a bank a private business or does it come under the category of a public service or a utility.

In Ottawa, the Republican Times has raised similar questions after the mayor there "rented" parking stalls for \$100 a year. While \$100 probably is more than the meter would take in during a year's time, the ethical and legal question still remains.

There are many other businesses who would desire such a system. Who and how many? Would customers be the only ones to use them? Who would decide that and who would police them?

The proposed bank system is in operation in such towns as Duquibue and Moline. The curbstone system got wide play at the recent convention of the American Bankers Association.

We have no quarrel with the bank's proposal. It has many merits. But it does raise questions that have deep significance. Perhaps more than anything it puts emphasis on the importance of our traffic problem and the future of downtown areas. It also pinpoints the role private businesses must take if they are to preserve these downtown areas as desirable shopping and business centers.

Aside from that, we find ourselves in the same quandary as our city councilmen.

TRAFFIC VICTIM—Mrs. Taylor Moskaloff comforts her seven-year-old daughter, Mitzie, struck by a car Oct. 10 at Yakima, Wash. The child suffered a deep forehead cut, possible skull fracture, and internal injuries. Police said driver Robert M. Davidson, 29, of Packwood, Wash., said sun was in his eyes and he didn't see the child. (AP wirephoto)

Lutheran Women To Convene Here

Expect 500 Delegates In Dixon on Thursday

Approximately 500 delegates of the Women's Missionary Federation will meet in Dixon Thursday for the annual convention.

The delegates represent the Illinois district of the American Lutheran Church and will assemble in St. Paul's Evangelical Lutheran church because the host church, Immanuel Lutheran, is unable to seat all attending.

Committees from American Lutheran churches in Rock Falls, Sterling, Franklin Grove and Dixon are cooperating in preparing for the convention. Delegates will be present from Iowa, Indiana and Illinois.

Speakers will be Miss Dorothy Haas, Columbus, Ohio, president of the National Federation and Miss Gertrude Kettner, missionary on furlough from India.

Mrs. Herman Oltman, Rock Falls, president of the Illinois district, will preside at a board meeting in Immanuel Lutheran Church tonight and at the convention on Thursday.

Other business will include election of officers and a possible revision of the Federation's constitution.

CUTS OFF FINGERS

KANSAS CITY, Kan. (AP)—A farm worker used a pocketknife Tuesday to cut off four fingers of his right hand which had been caught in a mechanical corn picker.

Favor 1-Way Streets, 32-1

The noon tally today in the Dixon police department's "straw vote" on the proposed north and south one-way street plan was 161 to five, a 32-1 ratio.

The proposed plan is for Galena Avenue to be for northbound autos, and Peoria Avenue for southbound traffic between Second and Everett Streets.

The east and west one-way street plan now in its 90-day trial is: westbound traffic on First Street and eastbound autos on Second Street between Galena and Madison Avenues.

If the motorists continue to favor the north and south plan, Commissioner Paul Potts has pledged to present it to the city council Tuesday night.

The majority of the councilmen have indicated that they are in favor of the enactment of such a plan. It too would be passed on a trial basis, if approved.

Motorists are urged to telephone, write or vote in person at the police station either for or against the plan before Tuesday. The telephone number is 4-8801.

1955 U. S. Crop Production May Pass Previous Record

By OVID A. MARTIN

WASHINGTON (AP)—This year's crop production may equal—perhaps even surpass—the record volume of 1948, if favorable late season growing and harvesting conditions continue another month.

This was the gist of the October crop production report issued late Tuesday by the Agriculture Department.

Volume Largest

At any rate, the volume of farm production — crops plus livestock products — will be the largest in history for American agriculture, the department said.

The huge output will supply all anticipated needs and add to the government's seven billion dollar stockpile of surplus farm commodities.

The department reported that rains in September fell over much of the Midwest and Great Plains to provide a favorable seedbed for grains to be harvested next spring and summer.

Contributing heavily to the large crop output was livestock feed grain tonnage 6 per cent larger than last year. Added to carry-over stocks from previous years, the feed grain supply is the largest of record. This big supply is reflected in lower prices than a year ago and in expanded production of hogs and poultry products.

Tonnage Down
This year's tonnage in feed grains is down about 6 per cent, largely because of government crop restrictions.

Favorable conditions in September brought increases in production estimates for cotton, hay, sorghum, grain, rice, peanuts, tobacco, corn and dry beans. Slight decreases were reported for soybeans, flaxseed, potatoes, sweet potatoes, sugar beets and hops.

The report emphasized that the South is making a great recovery from last year's drought. The area is harvesting large crops of cotton, tobacco, peanuts, and sweet potatoes.

The output of milk and eggs in September set new records for that month.

Ogle Supervisors Say They Cannot Pay \$4,200 in Bills

Sheriff's Department Hardest Hit

Some Accounts Are Empty; New Funds Due on December 1

OREGON (AP)—The Ogle county board of supervisors Tuesday refused to pay about \$4,200 in bills owed by the county, because funds are depleted and more money will not be available until Dec. 1.

The problem, according to the supervisors, is that the money the county has isn't where it is needed. The board makes up its annual budget, allotting funds for various purposes. Once the budget is approved, the money cannot be shifted. For example, money allocated for court operations cannot be used to pay bills in the sheriff's department.

Hardest hit is Sheriff Charles E. Allen's department. About \$3,000 in bills presented by the sheriff were not allowed.

The bills refused included \$795.50 for trips by the sheriff to Vandalla State Penal Farm with prisoners and to state institutions with persons committed; \$235.90 for serving warrants; \$346.50 for notifying jurors for duty; \$600 for patrolling roads; \$48.72 for letterheads; \$234.09 and \$193.50 for groceries, and a number of smaller bills for food for prisoners, other services performed by the department, paint, supplies, equipment and repairs.

Barber's Bill

One of the smaller bills disapproved was a \$6 statement from Harry Wright, Oregon barber, for prisoners' haircuts.

Other bills that the board said it could not pay included the \$223 statement for courthouse telephone service by DeKalb-Ogle Telephone Company; \$200 to a Rockford firm for a typewriter for the Ogle County mapping office; \$129.53 for typewriter repairs in the county clerk's office; \$68 for books for the library in the county school superintendent's office; \$440.60 for equipment for the photostat machine in the circuit clerk's office and \$31 for books for the circuit judge's office.

The supervisors said the creditors will receive their money, but it won't be until Dec. 1, when the fiscal year ends, and new money is available.

Account Overdrawn

During the discussion, it was stated that the food account for the county jail was overdrawn by \$1,400.

The board said it will maintain a policy of disallowing any bills if funds are exhausted.

Dr. David Stevens, Mt. Morris supervisor and a member of the finance committee, said merchants would be notified that before they

(Continued on Page 5)

FIRST TASTE OF FREEDOM—Christa Barman, one of the first German civilian prisoners to arrive in West Germany from Soviet prison camps, hugs her captivity-born son, Frank, two, as they are fed at West Berlin. The mother and son were part of a total of 195 civilians reaching freedom, including 58 women and five children born in captivity. They said they had been arrested "for minor offenses" at their homes in East German territory. (AP wirephoto via radio from Berlin)

Sewer Project Bids Ordered Council Will Advertise On \$53,000 Improvement

The board of local improvements met Tuesday night following a brief city council session and voted to advertise for bids on the long-delayed eight-inch sanitary sewer project for southwest Dixon.

The project, which has been delayed since February because of legal objections, will cost an estimated \$53,000.

Based on this estimate, the cost per lateral into each 50-foot lot will be \$375.90. The assessment will be pre-levied over 10 years, according to City Atty. Edward Jones.

The sewer will originate at Sherman Avenue and Third Street and extend southwesterly for approximately 19 blocks on parts of Custor, Hancock, Sheridan and Grant Avenues and on Fourth, Cummins, Ninth, Factory, Dodge and Grace Streets.

New Subdivision

During the regular council session, a plan for a proposed subdivision in north Dixon was referred to the Dixon Planning Commission, a permit was granted for a new taxi line, bills and salaries totaling \$7,611.78 were paid, a bequest was acknowledged and six were reappointed to the Dixon library board of directors.

The subdivision plan, as proposed by Martin Dieterle, Dixon, would create lots for eight new homes. The development would be located at the north end of N. Deament Avenue.

Dieterle said he plans to install

Poses as Buyer But Steals \$122

Harmon Couple Victim of Man Visitor Tuesday

Lee county authorities today are looking for a dark complexioned young man who reportedly robbed an elderly rural Harmon couple of \$122 Tuesday afternoon while posing as a used furniture buyer.

Mr. and Mrs. John Blackburn, who live two and a half miles west of Rt. 26 on the Harmon spur, told Chief Deputy Sheriff Robert Burrs that the robbery occurred about 1 p.m.

Blackburn said the money, 16 \$10 bills and 22 \$1 bills, was taken from his wife's purse. He added that the thief passed up a \$100 bill folded up in the purse.

Describes Suspect

Burrs said the suspect is described as fairly young, short and stocky, possibly Italian because of the complexion, and was last seen driving a two-tone blue new model Oldsmobile.

According to Burrs the thief first posed as a stove cleaner. Blackburn replied that he wasn't interested because he and his wife were planning to move to Dixon.

The young man then offered to buy some of their used furniture and was shown around the house.

The man offered to buy the living room and kitchen stoves, then asked if the couple had a dresser and mirror for sale.

Blackburn said he took the man upstairs to inspect a dresser in their bedroom. Mrs. Blackburn's purse was hanging on the dresser, he reported.

Sent to Errand

The robbery suspect sent Blackburn downstairs to get a cloth to wipe off the mirror and came downstairs himself a few minutes later before Blackburn could return with a cloth.

He reportedly told the couple that he had to leave and would return next week for the stoves. He did not make it down payment.

Blackburn said he asked the man for his telephone number but was refused. "It wouldn't do any good because I live in Rockford."

The Blackburns found the empty purse on the bed when they became suspicious and returned to the bedroom.

SEAL NINE

WALTONVILLE, Ill. (AP)—At least seven temporary seals have been placed in underground workings of Orient No. 3 coal mine at Waltonville in an effort to snuff out a fire raging there since early Tuesday.

Documented Report Is Requested

Governor Thinks Gaming Enforcement Is 'Satisfactory'

SPRINGFIELD, Ill. (AP)—Gov. Stratton met State Police Chief Phil M. Brown at the executive mansion today and discussed Brown's handling of the police force.

Afterward, Stratton said he told Brown there were a "number of questions" he wants answered and asked the police chief to give him a documented report next week. The governor told newsmen that one of the questions concerns gambling, enforcement but that on the whole he is satisfied with the way that program is being handled. He said Brown's policy of clearing state police raids through state headquarters here before they are carried out is "working out pretty well."

No Further Statement

Stratton said he would have no further statement on Brown and state police operations until next week. The governor left today for New York where he will attend a meeting of the Toll Road Commission with heads of investment banking firms.

The governor, in Dwight, Ill., Tuesday on a tour of a state institution, told newsmen he would demand more vigorous enforcement of truck regulations as one of the points.

Stratton added that he is "not satisfied" with several other aspects of Brown's handling of the state police.

Demands Explanation

He said he will demand an explanation on an order the state police chief issued last February authorizing special overweight allowances for heavy trucks.

Brown, reached recently in Philadelphia where he has been attending a police convention, said he authorized toleration of 1,000 pound truck overweights to allow for winter snow and ice accumulations.

Both Stratton and Director Bibb of the State Department of Public Safety said they were not informed of Brown's order at the time.

Stratton who vetoed a truck overweight bill this year, said Brown's explanation "had better be good." The order was rescinded in July by Brown.

Won't Be Stalled

Stratton said he was "not going to be stalled of any longer" about increasing the state police force by 100 men, the increase was authorized by the Legislature earlier this year. None of the 100 are on duty yet.

The governor said he also planned to authorize unmarked patrol

(Continued on Page 6)

Diary Tells Agony, Death Of Navy Pilot

EL CENTRO, Calif. (AP)—A diary, some twisted plane wreckage and the undrinkable waters of the Gulf of California testified today to the unsuccessful fight for survival of a 21-year-old pilot who crashed in Mexico last Sept. 18.

The Civil Aeronautics Administration said that Clifford Shinn, of Los Angeles, reported that he found the body of Aviation Machinist's Mate 3/c William E. Falls, 21, near his smashed small plane.

D. W. Crisp, a CAA official here, said Shinn found a diary at the scene that indicated Falls was unhurt in the crash about 35 miles south of San Felipe.

Crisp said Falls apparently died 10 days later from thirst, starvation and drinking the salty waters of the gulf. Crisp said Shinn turned the diary over to Mexican authorities after reading a story that went like this:

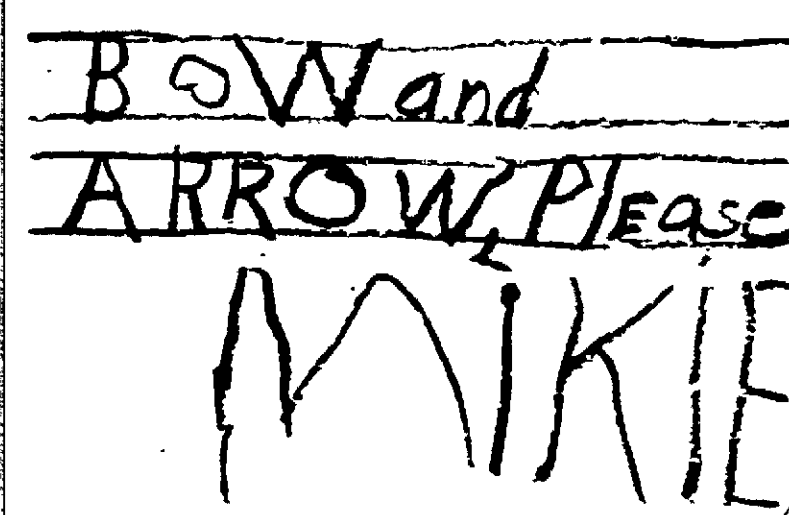

After the crash Falls surveyed the arid, deserted country bordering the gulf. There was no water nor food. Several times he saw search planes flying overhead.

Once, in desperation, he tried to turn the plane's propeller as a signal fire. But it was fireproof.

On the tenth day Falls wrote: "Today I drank salt water." The last entry was two days later.

Falls reportedly was on a flight from a Navy field near San Diego to Phoenix, Ariz., his parents' home.

No. 1 of the Season!

THE SEASON IS OPEN—Santa Claus, the post office department and the Evening Telegraph have a working arrangement when letters to Santa start pouring in. This one, which Santa allowed us to see, is the first of the Christmas (already?) season. It is short and to the point and may serve as a reminder that Christmas is nearly upon all of us. (Editor's note to Mikie: Santa Claus wanted us to commend you upon being so early. He says that now he can do some of his Christmas shopping early.)

Company Says One-Third Of Force Back on Job

NEW CASTLE, Ind. (AP)—Non-strikers returned in force today to resume piston ring production in the Perfect Circle Corp. foundry under protection of national guardsmen. The troops were under orders to prevent any recurrence of last Wednesday's riot.

The influx of workers was slowed because guardsmen checked each car coming onto the foundry parking lot.

The company said 125 strike and production workers came in, representing about one-third of the normal force. CIO United Auto Workers pickets at the gate said they counted only 49 production workers checking in.

The production force of the foundry before the strike started July 25 was 260 workers. About 100 persons, including supervisors were in the plant a week ago when 5,000 strike sympathizers gathered outside. Shots were fired by both sides, and eight persons were wounded.

There were no incidents Tuesday as the skeleton crew entered and left the foundry. Six hundred National Guardsmen, carrying rifles and backed up by tanks, patrolled the plant area and the city.

It was also quiet at Hagerstown,

headquarters of Perfect Circle, and at Richmond, where the firm has two small plants. The three plants have operated since the CIO United Auto Workers struck in a contract dispute nearly 12 weeks ago. Guardsmen patrolled there also.

Col. Howard Wilcox, National Guard commander, relaxed the state of martial law Tuesday night to permit the UAW to hold a meeting in its union hall here. He said about 150 members attended.

William F. Caldwell, UAW international representative who asked for the meeting, put the number at 250 and said they voted unanimously to uphold the union demands.

Before the meeting Caldwell said "We have 25 million dollars in strike money, and we will spend every dime of it if we have to, to win this strike."

Polo News

Mrs. Phalen Plans Trip To Japan

POLO—(Special)—Mrs. Charles S. Phalen will leave Saturday by plane for Los Angeles, Calif. where she will visit relatives until Monday. On Monday she will leave Los Angeles for Honolulu for a four-day visit with friends, and then will go to Tokyo, Japan, for several weeks with her son, Atty. Charles Phalen, and family. Phalen is doing special work with the state department.

Mr. and Mrs. Frank Thome, Rock Falls, visited the latter's parents, Mr. and Mrs. Clifford May, Sunday evening and were accompanied home by their daughter, Marie, Sherry and Maria, who had spent the weekend with their grandparents.

Golden Wedding
Those from Polo who attended the golden wedding anniversary observance of Mr. and Mrs. Amos Guio at their home in Rochelle Sunday afternoon were Rose Guio, Mr. and Mrs. Robert Fouke, Sr., Mr. and Mrs. Robert Fouke, Jr., Mr. and Mrs. Scott, Mr. and Mrs. Paul Fouke and Scott, Mr. and Mrs. Kenneth Fouke and family, Lillian Hayward, Schoolcraft, Mich., who is visiting her sister, also attended the anniversary.

Mrs. Rose Bowers entertained the following group Saturday evening: Mr. and Mrs. George Cooper, Charlene Beverly and Nanery Criss, Dennis Starler and Ralph Perino, Freeport.

Suggest Building Sites in Dist. 272

EDITOR'S NOTE: The following is the third in a series of articles on the work of the school survey committee in Community Unit School District 272 — the Amboy area.

AMBOY—(Special)—The Board of Education and the Citizens Survey Committee have been aware for a long time, of the great needs and requirements caused by overcrowding in the district's grade schools. As a result, much time has been spent by both groups to evaluate the findings of their survey, and to develop a program that would properly and economically serve the educational needs of the pupils.

After much study of various solutions, together with advice of experts, along with trips to various schools, it is felt that every possible avenue has been investigated thoroughly. The proposed solution is the considered best opinion of a large group of the district's citizens and the members of the board of education.

The solution, as developed after long and careful study, is that

Sweet home were their daughter, Pauline, Rockford; Mr. and Mrs. C. J. Winters, Sheldon, and Bruce Milwaukee, Wis.

Mrs. Nellie Johnson entertained her brother, Irvin Anderson, wife and daughter, Ann Marie, Highland, Wis., and her sister and husband, the Andrew Fingersons, Cobb, Wis., over the weekend.

Clark McDaniel, Larry Abels, Everett Cassens and Philip Blair, who are attending Knox College, Galesburg; Eugene Kitzmiller, Joe Turek, Henry Cassens, Bob McGuir, Marjorie Baker and Nancy Moeller, from the University of Illinois, and Pat Doyle, from Northern Illinois State College, DeKalb, spent the weekend in their respective homes and attended Homecoming at Polo High School Friday night.

new schools should be built in each of four rural areas, and that additional facilities be made available at Central School in Amboy. The rural areas suggested for new schools to be built are as follows:

Eldena — On the Krieb property, formerly known as the Hill Erbes property.

Maytown — On the Montavon farm adjacent to the Loan School and west of St. Patrick's hall.

Sublette — On the Roemich property directly west of the Sublette Community building on the west side of town.

Walton — On what is commonly known as the John Morrissey property, south of Walton on the west side of the blacktop.

Would include
Each of the four new schools would include four classrooms, a kitchen for a hot lunch program, adequate toilet facilities, heating facilities, showers, storage space, a combination teacher and health room, an all purpose room and playground facilities.

Suggested changes at Central School in Amboy are additional toilet facilities for the old building, a connection between the old and new buildings, six new classrooms, with necessary toilet and shower facilities, a central heating plant, improved dining and kitchen areas, and remodeling of the old school basement which would provide a handicraft area.

The above changes would be a direct benefit to the children, to the teachers and to the community not only for now and in the foreseeable future.

Plan Forest Dedication At Sinnissippi on Friday

Lt. Governor Chapman to Give Speech

By GEORGE D. PERISHO

OREGON—(Special)—On Friday at 1:30 p.m. there will be a tree farm dedication ceremony at Sinnissippi Forest, which is located southeast of Oregon. Howard Fox, forester at Sinnissippi Farms, has informed me plans have been complete for this ceremony and invites everyone to attend this dedication program.

Lt. Gov. John W. Chapman will be the principal speaker marking the formal entry of the State of Illinois into the American Tree Farm System of private timberland management. There are 17 forest landowners that comprise Illinois' charter tree farmers, and their property will be formally dedicated on Friday.

In addition to the lieutenant governor, other speakers will include A. C. Foley, of the Foley Lumber Company, Paris, Ill., James C. McClellan, chief forester of American Forest Products Inc., Washington, D. C., and Mrs. C. Phillip Miller, operator of Sinnissippi Forest. Dr. J. Nelson Spaeth will be master of ceremonies for the program.

According to Howard Fox, plans have been made to have guided tours through Sinnissippi Forest following the program. The American Tree Farm System, a nation-wide program, is sponsored nationally by the American Forest Products Industries and includes 7,000 for-

est landowners of well-managed timber. Forest tree farms in Ogle County include: John C. and Kathryn O. Roe (100) acres, Howard W. Fox (62) acres, and Mrs. C. Phillip Miller (2,258 acres).

Don't forget this is National Fire Prevention Week. You should check all hazards around your farm home and farmstead to prevent fires from getting a start. Fire prevention around your home include repairing and replacing worn parts of heating systems or cooking equipment. Nine-tenths of all fires in the farm home were caused by defective or overheated stoves and cooking equipment. Be careful in using inflammable liquids around fires. Carelessness in use and handling means disaster. Replace and repair defective electrical appliances, and do not overload your electrical system. Inspect your lightning rod system, replace rods and wires that are damaged or worn. Be sure ground connections are secure. Keep matches away from children. Smoke only in appropriate places, and cultivate careful smoking habits. Clear out all rubbish around your home. Burn the debris outdoors only on still, damp days, preferably after 1 p.m.

Around your farm buildings spontaneous combustion has caused the largest number of fires. Twenty-seven per cent of all fires in barns and out buildings resulted from hay that was not sufficiently cured and lack of ventilation in haymows. Be sure your hay is well cured before storage and, if necessary, install a dryer.

Electrical service around farm buildings should also be checked for frayed, loose and sagging wires, lightning rods, inflammable materials and smoking. Careful checking of fire hazards will give greater protection for you and your children.

Several inquiries have come into the office regarding Bonham oats. Bonham oats was released several years ago by the Michigan Agricultural Experiment Station. It is from the same cross as Clinton and when tested on the University south farm prior to 1950, yielded significantly less than Clinton. Because of this low yield, the University felt it impractical to continue experiments with this oat variety.

This variety has been tested

A VIEW OF SINNISSIPPI, southeast of Oregon, where the dedication of the American Tree Farm System will take place Friday at 1:30 p. m.

at Iowa, ranking eighth in a list of 15 varieties. In its disease reaction, the Bonham variety is the same as Clinton. Prior to 1950 at the Illinois Experiment Station, Bonham oats averaged 55 bushels per acre over a five-year period as compared to 52 bushels for Clinton during the same period of time.

The estimated price for Bonham oats in Michigan this year is \$2 per bushel and I would like to caution all farmers against paying exorbitant prices for oat seed of inferior quality. There are several varieties of good oats to choose from. Recommended for northern Illinois are: Clinton 11, Lot 25, Clarion and Clintonland, and possible Sauk. Sauk will be available at \$3 per bushel and in test in northern Illinois, ranked second to Clarion. The greatest weakness of the Sauk variety are late maturity, susceptibility to lodging and tendency to be low in test weight.

Illinois Bankers Conference will be held at the University of Illinois Oct. 18 and 19. Speakers on the agricultural portion of this bankers program include farm economists L. H. Simerl and A. C. Mueller, agronomist E. H. Tynor, beef specialist A. L. Neumann and Douglas F. Graves, agricultural chairman of the Illinois Bankers Association.

Speaking of bank management will be J. Stanley Weis, National Bank of Mattoon; Russell M. Nolan, University economist, and Paul M. Van Arsdale, associate dean, College of Commerce and Business Administration.

'Sunshine' Group

STEWART—(Special)—"Sunshine" group of WSCS will meet Tuesday at 2 p. m. in the home of Mrs. Earl Ewald.

Ohio Notes

OHIO—(Special)—Mr. and Mrs. Ivan Draper accompanied Mr. and Mrs. Myron Gustafson, Tampico, to Decatur Sunday to visit Dr. H. H. Jenner at the Macon County-DeCATUR Hospital.

Mr. and Mrs. Joy Fahs and son, of Dixon, spent Sunday with Mr. and Mrs. Charles Johnston.

Patricia Walter, Peoria, spent the weekend with her parents, Mr. and Mrs. Louis Walter. On Saturday she and Phil Walter went to Iowa City to attend the Iowa-Indiana football game.

Public Service Company's new

LIGHT BULB Exchange Service
STARTS HERE IN OCTOBER

If you're a residential or rural customer of Public Service Company, you'll be paying nothing extra for most of your light bulbs from now on, through our new Light Bulb Exchange Service.

By "turning in" burned-out bulbs, you'll be able to get new bulbs in the 15 most popular sizes and styles without charge. In addition, 27 other types will be available for a small charge well under the usual retail price.

All in all, 42 different kinds of bulbs are covered by the new service. They range in size from 7¼ to 500 watts, and meet nearly every residential and farm lighting need.

To start the service, we're sending out Exchange Light Bulb Authorization Cards this month and next to all our customers. When you get yours, just take it to your nearest Company office or light bulb agency (listed below), and select the bulbs you need (on this first trip, you won't have to bring any burned-out bulbs—just the Authorization Card we send you).

Incidentally, a similar service has been set up for our commercial customers. If you use lighting in your business, you can get complete information at any Public Service Company office.

We hope you'll take full advantage of this new service. If you have any questions, don't hesitate to call or visit us at our nearest office, listed below.

P. S. If your Authorization Card doesn't come right away, don't worry. We're mailing them during October and November.

PUBLIC SERVICE COMPANY
119 HENNEPIN AVE.
DIXON, ILLINOIS

PROPERTY OF GREAT BRITAIN—This island rock, 200 miles from the Scottish mainland, is now a part of Great Britain. The British annexed the rock recently because it is likely to come within a projected guided weapons range in the Hebrides. Called Rockall, the "island" sticks out of the Atlantic like a lone tooth.

Reporters From Struck Papers Barred From AFL Convention

ROCK ISLAND, Ill. (P)—The Illinois State Federation of Labor has barred from its annual convention reporters of four Rock Island area newspapers because of a long strike of printers.

The action was taken in a unanimous vote of the convention Tuesday. One reporter, Arthur B. Michelson of the Davenport (Iowa) Morning Democrat, was told to leave the meeting in the state armory even before the vote was taken.

Other newspapers covered by the ban are the Rock Island Argus, the Moline Dispatch and Davenport Times. All are in the populous, industrial Quad City area of Illinois and Iowa.

Struck Since 1952

Local 107 of the AFL International Typographical Union has been on strike against the four dailies since Dec. 15, 1952. The newspapers have continued to publish and have replaced strikers with other printers.

The resolution prohibiting reporters and photographers from covering the state convention was argued on the floor by Lawrence O'Neill, Chicago, president of Local 16 of the ITU and Thomas Peth, Chicago, president of Local 2 of the Mailers Union.

Peth said that of 140 union printers employed on the four papers

Applause for Sen. McCarthy Causes Mistrial

BOSTON (P)—The contempt of Congress trial of Leon J. Kamin began anew in federal court today after a mistrial Tuesday because of a burst of applause for Sen. McCarthy (R-Wis) in the courthouse corridor.

Judge Bailey Aldrich called the mistrial because of the "frequent outbursts of applause . . . entirely foreign to a federal court case."

Before dismissing the jury of 11 men and one woman, the judge told them: "It must have come to your attention, and even if you didn't hear it the newspapers will acquaint you with the details."

He then dismissed the jury and ordered a new trial, without jury, to begin today.

Sen. McCarthy has been called as a witness against Kamin, a former Harvard research assistant, accused of contempt in refusing to answer six questions dealing with communism before the Senate Permanent Investigations subcommittee in January 1954, when McCarthy headed the group.

McCarthy did not comment on Judge Aldrich's action. When asked to comment on the applause, he said: "I never object to applause."

Kamin said he thought his rights had been prejudiced by the applause.

A crowd estimated by U. S. marshals at 500 was in the corridor outside the courtroom as McCarthy came and went through the halls.

The Giant Water Bug carries his unborn on his back where they have been placed by the female.

The union contended it wants "jurisdiction" over new equipment or work and that if any is introduced, management and the union should meet immediately to "work out" or agree on how it is introduced. The ITU also demanded that long-time union employees be given "first opportunity" to learn and do any new process before others are hired.

Management said jurisdiction was not an issue, that the ITU Continue to Report over all typesetting processes, and that the ITU has had the right to learn any new processes.

WELL IN HAND—James H. Travis, left, has only one hand, but he's a civilian mechanic at Altus Air Force Base, Okla. He handles the job with the aid of a newly developed artificial hand which holds practically every tool he needs. Developer of "The Hand," which eases manipulation of various-sized tools that fit into the holes, is T/Sgt. Herman Roberts, center of photo, of the 96th Field Maintenance Squadron at the base.

Israel's Second Oil Well Gushes

HELETZ-HULEIKAT, Israel (P)—Israel's second oil well, gushing 250 feet high, came in today in the field developing near the Egyptian-held Gaza Strip.

The oil is from a lower and thicker stratum than the source of the first well, brought in Sept. 22.

A geologist said nothing final could be said yet on the extent of the Huleik field but that he thought "it is not small."

Chinese Reds Say 47 Yanks Are Free

TOKYO (P)—Communist China said today 47 Americans behind the Bamboo Curtain are free to leave any time they apply for departure and said it is examining the cases of 19 other Americans accused of crimes.

The official Peiping radio quoted People's Daily, the official party newspaper, as saying the 47 have not applied for exit permits.

Heads Police Association

AURORA, Ill. (P)—Joseph Hogan of Springfield is the new president of the Illinois Policemen's Benevolent Assn.

Hogan was elected Tuesday at the closing session of the organization's two-day convention.

Donald Hostetter, chief of the FBI Chicago office, praised the police officers for fine work on the local level in the face of increasing crime.

Rock Island Police Chief Ralph Miller described the curricula of the new police school being readied at the University of Illinois. Miller is advisor to the school, appointed by Gov. Stratton.

Other officers included: Henry Carlisle, Centralia, first vice president; Curtis Haggatt, Peoria, second vice president; John Dillon, Joliet, secretary; Donovan Saunders, Rockford, treasurer.

The convention voted to hold next year's meeting at Waukegan and the police pistol shoot at Quincy.

Guided Missile Cruisers Ready

WASHINGTON (P)—The first of two cruisers to be converted into seagoing bases for launching guided missiles will join the fleet Nov. 1 at the Philadelphia Navy Yard.

The Navy said Tuesday the cruiser Boston will be recommissioned then as "the world's first guided missile cruiser." Her sister ship, the Canberra, is scheduled to be ready next spring.

Unofficial sources say the Terrier has a range of slightly over 15 miles and can climb to 50,000 feet at about twice the speed of sound.

Demo Leader Endorses Lucas

PARIS, Ill. (P)—Scott W. Lucas has been endorsed by an Illinois Democratic central committeeman for the party's nomination for U.S. senator.

John R. Asher, committeeman from the 21st Congressional District, urged Edgar County Democrats Tuesday night to "persuade" Lucas to enter the race.

Lucas, of Havana, once occupied the Senate seat now held by Sen. Everett Dirksen (R-Ill.) of Pekin. Lucas has not announced any political plans.

U.S. fire losses are about \$2,400,000 a day.

Polo News

Mrs. Phalen Plans Trip To Japan

POLO—(Special)—Mrs. Charles S. Phalen will leave Saturday by plane for Los Angeles, Calif. where she will visit relatives until Monday. On Monday she will leave Los Angeles for Honolulu for a four-day visit with friends, and then will go to Tokyo, Japan, for several weeks with her son, Atty. Charles Phalen, and family. Phalen is doing special work with the state department.

Mr. and Mrs. Frank Thome, Rock Falls, visited the latter's parents, Mr. and Mrs. Clifford May, Sunday evening and were accompanied home by their daughters, Marilee, Sherry and Maria, who had spent the weekend with their grandparents.

Golden Wedding
Those from Polo who attended the golden wedding anniversary observance of Mr. and Mrs. Amos Gulo at their home in Rochelle Sunday afternoon were Rose Guio, Mr. and Mrs. Robert Fouke, Sr., Mr. and Mrs. Robert Fouke Jr., Mrs. Paul Fouke and Scott, Mr. and Mrs. Kenneth Fouke and family, Mrs. Lillian Hayward, Schoolcraft, Mich., who is visiting her sister, also attended the anniversary.

Mrs. Rose Bowers entertained the following group Saturday evening: Mr. and Mrs. George Cooper, Charlene Beverly and Nanery Griss, Dennis Starler and Ralph Perino, Freeport.

Weekend guests in the Paul

Lie Awake Last Night?

because of stomach acidity

Do This Tonight:

Why let excess stomach acidity keep you tossing and turning in a vain attempt to sleep? Do as millions do—take 2 Tums as a "night cap." See if you don't fall asleep more easily—feel fresher in the morning. Tums neutralize excess acid almost before it starts. Always keep Tums handy to counteract gas, acid indigestion—day or night. Get a handy roll today. 50¢ a roll, 10¢ a roll.

Suggest Building Sites in Dist. 272

EDITOR'S NOTE: The following is the third in a series of articles on the work of the school survey committee in Community Unit School District 272—the Amboy area.)

AMBOY—(Special)—The Board of Education and the Citizens Survey Committee have been aware for a long time, of the great needs and requirements, caused by overcrowding in the district's grade schools. As a result, much time has been spent by both groups to evaluate the findings of their survey, and to develop a program that would properly and economically serve the educational needs of the pupils.

After much study of various solutions, together with advice of experts, along with trips to various schools, it is felt that every possible avenue has been investigated thoroughly. The proposed solution is the considered best opinion of a large group of the district's citizens and the members of the board of education.

The solution, as developed after long and careful study, is that

Sweet home were their daughter, Pauline, Rockford; Mr. and Mrs. C. J. Winters, Sheldon, and Bruce Milwaukee, Wis.

Mrs. Nellie Johnson entertained her brother, Irvin Anderson, wife and daughter, Ann Marie, Highland, Wis., and her sister and husband, the Andrew Fingersons, Cobb, Wis., over the weekend.

Clark McDaniell, Larry Abels, Everett Cassens and Philip Blair, who are attending Knox College, Galesburg; Eugene Kitzmiller, Joe Turek, Henry Cassens, Bob McGuire, Marjorie Baker and Nancy Moeller, from the University of Illinois, and Pat Doyle, from Northern Illinois State College, DeKalb, spent the weekend in their respective homes and attended Homecoming at Polo High School Friday night.

new schools should be built in each of four rural areas, and that additional facilities be made available at Central School in Amboy. The rural areas suggested for new schools to be built are as follows:

Eldena—On the Krieb property, formerly known as the Bill Erbes property.

Maytown—On the Montavon farm adjacent to the Loan School and west of St. Patrick's hall.

Sublette—On the Roemnick property directly west of the Sublette Community building on the west side of town.

Walton—On what is commonly known as the John Morrissey property, south of Walton on the west side of the blacktop.

Each of the four new schools would include four classrooms, a kitchen for a hot lunch program, adequate toilet facilities, heating facilities, showers, storage space, a combination teacher and health room, an all purpose room and playground facilities.

Suggested changes at Central School in Amboy are additional toilet facilities for the old building, a connection between the old and new buildings, six new classrooms, with necessary toilet and shower facilities, a central heating plant, improved dining and kitchen areas, and remodeling of the old school basement which would provide a handicraft area.

The above changes would be a direct benefit to the children, to the teachers and to the community not only for now and in the foreseeable future.

Woman's Club

POLO—(Special)—Evening Women's Club met Monday in the home of Mrs. Earl Groves. Nineteen members and three guests were present for the scramble supper.

Steward News

M. M. Fells Visit Daughter In Wisconsin

STEWART (Special)—Mr. and Mrs. M. M. Fells spent the weekend in Appleton, Wis., at the home of their son-in-law and daughter, the Rev. and Mrs. Clifford Pierson. Their granddaughter, Julia, returned with the Fells to spend a week here.

Mr. and Mrs. George Cooper, Angola, Ind., spent the weekend here at the home of Mrs. Cooper's parents, Mr. and Mrs. Ole Hall.

Mr. and Mrs. Wallace Wagner, Lansing, Mich., were dinner guests Tuesday evening in the Harry Andes home.

Mr. and Mrs. A. G. Gunderson and granddaughter, Donna Stunkel, and Harry Dubbs, Ashton, went to Sonoma Sunday to see the train wreck there, and were supper guests of the Walter Gundersons, Aurora.

Mr. and Mrs. Charles Bodmer have returned home from their wedding trip to Denver, and are at home in Rochelle at 303½ S. Third St.

Sp. 3c Earl Hare, son of Mr. and Mrs. Charles Hare, returned home Saturday evening from Japan. He had been stationed in the Pacific area for about two years. He left for Ft. Sheridan Sunday evening to receive his discharge, and was expected home this evening.

Mr. and Mrs. Joe Bodmer entertained with a dinner in their home Sunday with their son and his wife, Mr. and Mrs. Charles Bodmer, Rochelle, as guests. The event marked Charles' birthday.

Mr. and Mrs. Dick Thorsen, Oak Park, spent the weekend here in the A. C. Rapp home.

Carl Pickenpau, Baiboa, Canal Zone, spent the weekend here at the home of Vernon Noyes and daughter, Lucille.

Plan Dedication of Remodeled Church Sunday Afternoon

POLO—(Special)—A dedication service for the remodeled Pine Creek Christian Church will be held Sunday at 2:30 p.m.

The program is being planned by the Rev. Allen Shaw, Mrs. Clifford Stiff and Mrs. Powell Cunningham.

Wednesday, October 12, 1955
Page 2

Ogle Woman's Club Meeting Set in Byron

OREGON—(Special)—The fall conference of the Ogle County Federation of Woman's Clubs will be held in Byron United Church Tuesday, beginning at 9:30 a. m.

All members of Woman's Clubs in the county are invited.

The address of welcome will be given by Mrs. Loddie Mayewski, president of the Byron Club. Mrs. Ivan Kuntzelman, Oregon, president of the Ogle County Federation will give the response.

The Byron High School chorus will furnish music, and Steven Helfer will talk on Ogle County Civil Defense.

The Rev. Paul Larsen, Byron, will give the address, "Man and His Emotions."

After a luncheon, the chorus will appear again, and Mrs. Renee Isler will present a program on "50 Antique Dolls."

Homecoming Set Friday in Ohio

OHIO—(Special)—Ohio High School is ready for homecoming Friday. The program begins with a parade at 2:30 p. m. Ohio plays Wyanet in football at 7:30 p. m., and a dance is scheduled at 9:30 p. m.

During the dance the king and queen will be announced. The king candidates are Jack Sheridan, Dick Anderson and Tom Gurvey. Queen candidates are Mary Jo Knuth, Glenda Plapp and Patty Schultz.

Rural Ogle

Plan Forest Dedication At Sinnissippi on Friday

Lt. Governor Chapman to Give Speech

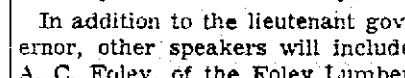

By GEORGE D. PERISHO

OREGON—(Special)—On Friday at 1:30 p.m. there will be a tree farm dedication ceremony at Sinnissippi Forest, which is located southeast of Oregon. Howard Fox forester at Sinnissippi Farms, has informed me plans have been complete for this ceremony and invites everyone to attend this dedication program.

Lt. Gov. John W. Chapman will be the principal speaker marking the formal entry of the State of Illinois into the American Tree Farm System of private timberland management. There are 17 forest landowners that comprise Illinois' charter tree farmers, and their property will be formally dedicated on Friday.

In addition to the lieutenant governor, other speakers will include A. C. Foley, of the Foley Lumber Company, Paris, Ill., James C. McClellan chief forester of American Forest Products Inc., Washington, D. C.; and Mrs. C. Phillip Miller, operator of Sinnissippi Forest. Dr. J. Nelson Spaeth will be master of ceremonies for the program.

According to Howard Fox, plans have been made to have guided tours through Sinnissippi Forest following the program. The American Tree Farm System, a nationwide program, is sponsored nationally by the American Forest Products Industries and includes 7,000 for-

George D. Perisho

A VIEW OF SINNISSIPPI, southeast of Oregon, where the dedication of the American Tree Farm System will take place Friday at 1:30 p. m.

est landowners of well-managed timber.

Forest tree farms in Ogle County include: John C. and Kathryn O. Roe (100) acres, Howard W. Fox (52) acres, and Mrs. C. Phillip Miller (2,255) acres.

Don't forget this is National Fire Prevention Week. You should check all hazards around your farm home and farmstead to prevent fires from getting a start.

Fire prevention around your home include repairing and replacing worn parts of heating systems or cooking equipment. Nineteen per cent of all fires in the farm home were caused by defective or overheated stoves and cooking equipment. Be careful in using inflammable liquids around fires. Carelessness in use and handling means disaster. Replace and repair defective electrical appliances, and do not over-load your electrical system. Inspect your lightning rod system, replace rods and wires that are damaged or worn. Be sure ground connections are secure. Keep matches away from children. Smoke only in appropriate places, and cultivate careful smoking habits. Clear out all rubbish around your home. Burn the debris outdoors only on still, damp days, preferably after 4 p.m.

Around your farm buildings spontaneous combustion has caused the largest number of fires. Twenty seven per cent of all fires in barns and out buildings resulted from hay that was not sufficiently cured and lack of ventilation in haymows. Be sure your hay is well cured before storage and, if necessary, install a dryer.

Electrical service around farm buildings should also be checked for frayed, loose and sagging wires, lightning rods, inflammable materials and smoking. Careful checking of fire hazards will give greater protection for you and your children.

Several inquiries have come into the office regarding Bonham oats. Bonham oats was released several years ago by the Michigan Agricultural Experiment station. It is from the same cross as Clinton and when tested on the University south farm prior to 1950, yielded significantly less than Clinton. Because of this low yield, the University felt it impractical to continue experiments with this oat variety.

This variety has been tested

at Iowa, ranking eighth in a list of 15 varieties. In its disease reaction, the Bonham variety is the same as Clinton. Prior to 1950 at the Illinois Experiment Station, Bonham oats averaged 55 bushels per acre over a five-year period as compared to 52 bushels for Clinton during the same period of time.

The estimated price for Bonham oats in Michigan this year is \$2 per bushel and I would like to caution all farmers against paying exorbitant prices for oat seed of inferior quality. There are several varieties of good oats to choose from. Recommended for northern Illinois are: Clinton 11 Lot 25, Clarion and Clintland, and possible Saak. Saak will be available at \$3 per bushel and in test in northern Illinois, ranked second to Clarion. The greatest weakness of the Saak variety are late maturity, susceptibility to lodging and tendency to be low in test weight.

Illinois Bankers Conference will be held at the University of Illinois Oct. 13 and 14. Speakers on the agricultural portion of this bankers program include farm economists L. H. Simeri and A. G. Mueller, agronomist E. H. Tyrner, beef specialist A. L. Neumann and Douglas F. Graves, agricultural chairman of the Illinois Bankers Association.

Speaking on bank management will be J. Stanley Weis, National Bank of Matteson; Russell M. Nolen, University economist, and Paul M. Van Arsdell, associate dean, College of Commerce and Business Administration.

'Sunshine' Group

STEWART—(Special)—"Sunshine" group of WSCS will meet Tuesday at 2 p. m. in the home of Mrs. Earl Ewald.

Ohio Notes

OHIO—(Special)—Mr. and Mrs. Ivan Draper accompanied Mr. and Mrs. Myron Gustafson, Tampico, to Decatur Sunday to visit Dr. H. H. Jenner at the Macon County-Decatur Hospital.

Mr. and Mrs. Joy Fahs and son, of Dixon, spent Sunday with Mr. and Mrs. Charles Johnston.

Patricia Walter, Peoria, spent the weekend with her parents, Mr. and Mrs. Louis Walter. On Saturday she and Phil Walter went to Iowa City to attend the Iowa-Indiana football game.

Reporters From Struck Papers Barred From AFL Convention

ROCK ISLAND, Ill. (AP)—The Illinois State Federation of Labor has barred from its annual convention reporters of four Rock Island area newspapers because of a long strike of printers.

The action was taken in a unanimous vote of the convention Tuesday. One reporter, Arthur B. Michelson of the Davenport (Iowa) Morning Democrat, was told to leave the meeting in the state-armory even before the vote was taken.

Other newspapers covered by the ban are the Rock Island Argus, the Moline Dispatch and Davenport Times. All are in the populous, industrial Quad City area of Illinois and Iowa.

Struck Since 1952

Local 107 of the AFL International Typographical Union has been on strike against the four dailies since Dec. 15, 1952. The newspapers have continued to publish and have replaced strikers with other printers.

The resolution prohibiting reporters and photographers from covering the state convention was argued on the floor by Lawrence O'Neill, Chicago, president of Local 16 of the ITU and Thomas Peth, Chicago, president of Local 2 of the Mailers Union.

Peth said that of 140 union printers employed on the four papers

Applause for Sen. McCarthy Causes Mistrial

BOSTON (AP)—The contempt of Congress trial of Leon J. Kamin began anew in federal court today after a mistrial Tuesday because of a burst of applause for Sen. McCarthy (R-Wis) in the courthouse corridor.

Judge Bailey Aldrich called the mistrial because of the "frequent outbursts of applause . . . entirely foreign to a federal court case."

Before dismissing the jury of 11 men and one woman, the judge told them: "It must have come to your attention, and even if you didn't hear it the newspapers will acquaint you with the details."

He then dismissed the jury and ordered a new trial, without jury, to begin today.

Sen. McCarthy has been called as a witness against Kamin, a former Harvard research assistant, accused of contempt in refusing to answer six questions dealing with communism before the Senate Permanent Investigations subcommittee in January 1954, when McCarthy headed the group.

McCarthy did not comment on Judge Aldrich's action. When asked to comment on the applause, he said: "I never object to applause."

Kamin said he thought his rights had been prejudiced by the applause.

A crowd estimated by U. S. marshals at 500 was in the corridor outside the courtroom as McCarthy came and went through the halls.

The Giant Water Bug carries his unborn on his back where they have been placed by the female.

WELL IN HAND—James H. Travis, left, has only one hand, but he's a civilian mechanic at Altus Air Force Base, Okla. He handles the job with the aid of a newly developed artificial hand which holds practically every tool he needs. Developer of "The Hand," which eases manipulation of various-sized tools that fit into the holes, is T/Sgt. Herman Roberts, center of photo, of the 96th Field Maintenance Squadron at the base.

Israel's Second Oil Well Gushes

HELETZ-HULEIKAT, Israel (AP)—Israel's second oil well, gushing 250 feet high, came in today in the field developing near the Egyptian-held Gaza Strip.

The oil is from a lower and thicker stratum than the source of the first well, brought in Sept. 22.

A geologist said nothing final could be said yet on the extent of the Heltz Huleikat field but that he thought "it is not small."

Chinese Reds Say 47 Yanks Are Free

TOKYO (AP)—Communist China said today 47 Americans behind the Bamboo Curtain are free to leave any time they apply for departure and said it is examining the cases of 19 other Americans accused of crimes.

The official Peiping radio quoted People's Daily, the official party newspaper, as saying the 47 have not applied for exit permits.

Heads Police Association

AURORA, Ill. (AP)—Joseph Hogan of Springfield is the new president of the Illinois Policemen's Benevolent Assn.

Hogan was elected Tuesday at the closing session of the organization's two-day convention.

Donald Hostetter, chief of the FBI Chicago office, praised the police officers for fine work on the local level in the face of increasing crime.

Rock Island Police Chief Ralph Miller described the curricula of the new police school being readied at the University of Illinois. Miller is advisor to the school, appointed by Gov. Stratton.

Other officers included: Henry Carlyle, Centralia, first vice president; Curtis Haggatt, Peoria, second vice president; John Dillon, Joliet, secretary; Donovan Saunders, Rockford, treasurer.

The convention voted to hold next year's meeting at Waukegan and the police pistol shoot at Quincy.

Guided Missile Cruisers Ready

WASHINGTON (AP)—The first of two cruisers to be converted into seagoing bases for launching guided missiles will join the fleet Nov. 1 at the Philadelphia Navy Yard.

The Navy said Tuesday the cruiser Boston will be recommissioned then as "the world's first guided missile cruiser." Her sister ship, the Canberra, is scheduled to be ready next spring.

Unofficial sources say the Terrier has a range of slightly over 15 miles and can climb to 50,000 feet at about twice the speed of sound.

Demo Leader Endorses Lucas

PARIS, Ill. (AP)—Scott W. Lucas has been endorsed by an Illinois Democratic central committeeman for the party's nomination for U.S. senator.

John R. Asher, committeeman from the 21st Congressional District, urged Edgar County Democrats Tuesday night to "persuade" Lucas to enter the race.

Lucas, of Havana, once occupied the Senate seat now held by Sen. Everett Dirksen (R-Ill.) of Pekin. Lucas has not announced any political plans.

U.S. fire losses are about \$2,400,000 a day.

St. Anne's Guild to Present Program by Hair Stylist, Miss Van Dessel, Saturday Night

Miss Bernice Van Dessel of the American Studio of Hair Fashion, Chicago, will make an appearance at Loveland Community House, Dixon, the evening of Saturday, October 15, under the sponsorship of St. Anne's Guild. Miss Van Dessel is known as an outstanding teacher and hair stylist in the Chicago beauty profession. She will speak on hair styling, care of the hair and beauty hints.

Helpful Hints For Readers by June Pilgrim

The following is a continuation of Saturday's column by Miss June Pilgrim Lee County Home Adviser.

To Keep White

Many homemakers have run into this problem of keeping nylon white in blouses, skirts and lingerie. A common mistake that is often made is to use liquid bleach in trying to whiten them as these materials begin to look dingy. Our liquid chlorine bleach almost invariably yellows nylon and is often the cause for yellowing discoloration. It is much better to use these specific bleaches being sold now for use with nylon and some of the other synthetic fabrics. Most of them are good and do prevent discoloration. They are not quite as powerful.

For Health

This month's issue of "Family Circle" has a fine article that many folks should read and give some careful consideration. The article is written by Lawrence Galton and is called "Eat Your Way to Good Health." The article brings out examples of ways that good nutrition is helping where other methods of treating illnesses have failed.

To quote "The Long Island Hospital in Boston in a five-month study of patients with arthritis showed a significant decrease in pain on a high Vitamin C intake and some patients with multiple sclerosis who were given large doses of Vitamin C reported an increase in well-being and strength."

New On Market

Have you tried the new softening agents that have been brought on the market. They are meant to be added to the last rinse water. They soften fabrics, give a fluffier finish to woollens and deep pile fabrics, and they also reduce wrinkles. Their softening and germicidal effects constitute an especial advantage in laundering infant's garments. Some fabric softeners are also said to leave fabrics of man-made fabrics static-free.

Eta Chi Asks Rushees for Monday Meet

Eta Chi chapter of Beta Sigma Phi sorority held a rushing party Monday evening, in Loveland Community House, with Miss Rachel Smith, rushing chairman, in charge. Miss Mary Lee Seales presented the history of the sorority and Miss Joyce Grinstead gave the history of Eta Chi. Games were played with prizes awarded. Misses Sylvia Gibb, Grinstead and Neva Heckman, the committee, served refreshments, following the games. A cloth of brown graced the table that had a fall centerpiece. Chapter president, Mrs. Russell Evers presided.

Rushees attending Monday's meeting were the Misses Mary Jardine, Frances Hodge, Pat McClanahan, Betty Lindsay, Donna Lindsay, Marcia Crawford and Audrey Swanson.

Eta Chi will have an open meeting at 8 p.m. Monday, Oct. 17, in Loveland Community House.

ST. PAUL'S SOCIETY

The Women's Missionary Society of St. Paul's Lutheran church will meet at 2 p.m. Friday, Oct. 14 (instead of Thursday, Oct. 13) in the church. Hostesses will be Mesdames Charles Hank, Rudolph Alschlager and Florence Bollman.

All women of the church are welcome to attend.

SEWING MACHINES

"WHERE DID THE BEAR GET THE BUCKWHEAT?" It's an old saying—We just heard it. Perhaps he was looking for "honey" and bought it in the wrong place. If you, however, want a "honey" of a buy in a sewing machine—stop at our store. We have them. Leading makes at bottom prices. NO GIFTS OR PRIZES. You save more than the price of the item.

Family of Cora Shoemaker Has October Reunion

The family of the late Cora Shoemaker met Oct. 2, for the first time in several years, for a reunion in the home of Maurice Grobe, south of Prairieville. Sixty-seven were present to enjoy the day and noon dinner.

A short afternoon meeting was held with Ethel Littrell, Milan, presiding. It was decided to make the reunion an annual affair and to include all descendants of the Dennis Shoemaker family. A nominating committee was appointed and thus group selected Ethel Littrell as chairman; Virginia Shoemaker, Rock Falls, secretary, and Erma Grobe, treasurer. The above were voted upon and accepted as officers for next year's meeting.

It was also decided to have the next reunion on the last Sunday of July. The place will be announced later.

Those present were: Mr. and Mrs. R. D. Shoemaker, Mr. and Mrs. Raymond Shoemaker, Connie and Barbara, Mr. and Mrs. Frank Shoemaker, Gloria, Beverly and Jimmy, Mary Shoemaker and Joy Edwards, Eldena; Mr. and Mrs. Sterling Wilson, Mr. and Mrs. Forrest Grobe, David, Dennis, and George, Mr. and Mrs. Charles Grobe, Mr. and Mrs. Robert Shoemaker, Becky and Calvin, Mr. and Mrs. Maurice Grobe and Charles, Dixon; Clyde Shoemaker, Mr. and Mrs. Merle Shoemaker and Janet, Mr. and Mrs. Bernard Shoemaker, Rock Falls; Mr. and Mrs. Ed Janssen, Nelson; Mr. and Mrs. Fred Bybee, Amboy; Mrs. Ethel Littrell, Mrs. Edna Wright, Mr. and Mrs. Rudy Taboi, Ronnie, Rudy, Steve and Jeff, Milan; Mr. and Mrs. Harold Shoemaker, Robert and Steve, Rockford; Mr. and Mrs. Elmer Shoemaker, Linda and Pam, Sterling; Mr. and Mrs. Art Shoemaker, Kathy, Mark and Art Jr., Forrest, Vincent, Shoemaker, Villa Park; and Mr. and Mrs. Ray Ribordy, Charles, Corky, Jim, Joe, John, Danny Lee, and Mary, Harmon.

Friday Meet

Corinthian Shrine No. 40, Dixon, will have a stated meeting at 4 p.m. Friday, Oct. 14. A ceremonial will be held at 8 p.m.

Eleanor Smith, is Worthy High Priestess; Carroll Boston, Watchman of Shepherds, and Frances Patrick, Worthy Scribe, of Corinthian Shrine.

Members of the Walton Mothers' club met Oct. 5, in the school. Refreshments were served by Mesdames Ned McCoy, Delmar Oester and Bernard Fitzpatrick.

The next meeting, Nov. 2, will be a community meeting at which time a representative from the Citizen's Survey committee will answer questions concerning the district and coming election.

PRESBYTERIAN GROUP 3

Group 3 of the Presbyterian Women's Association will meet at 5 p.m. Thursday, Oct. 13, in the church.

Nancy Lynn Randall and Richard Bollman Wed

Making their first home in Sterling will be Richard Eugene Bollman and his bride, the former Nancy Lynn Randall. Their wedding took place Sunday afternoon, Oct. 2, in St. Anne's church, Dixon.

Nancy is the daughter of Mr. and Mrs. Charles W. Randall, Rt. 1, Dixon, and the James Edwin Bollmans, Woosung, are the bridegroom's parents.

Fall flowers decorated the church altars for the double ring ceremony performed by Rev. Richard French. Mrs. Byron Chasteen, Dixon, was nuptial organist.

Given in marriage by her father, the bride wore a charcoal gray suit with white hat and gloves and black shoes. She carried a white carnation corsage atop a white prayerbook. Pink pearl earrings and necklace were her gift from the bridegroom. The bride carried out the tradition of something old, new, borrowed and blue.

As matron of honor, Mrs. John W. Baker, Dixon, sister of the bride, wore a beige suit with brown accessories. Her corsage was of yellow carnations.

John W. Baker, Dixon, brother-in-law of the bride, served as best man and Robert Whitebread, Dixon, uncle of the bride, and Donald Bollman, Woosung, brother of the bridegroom, ushered.

The bride's mother wore a navy blue print dress with black accessories and a pink carnation corsage. The bridegroom's mother wore matching accessories with her navy blue dress. Her corsage was of white carnations.

A reception was held in the home of the bride's parents, following the ceremony. A three-tiered wedding cake and bouquets of flowers

Win Pug Honors

The pug puppies owned by Mr. and Mrs. Frank W. Hoyle, Plum Hollow road, Dixon, again won honors in the Hammond, Ind., puppy match on Oct. 9. The puppies won first, second and third ribbons in two-six months class and third in litter class at 10 weeks old. Hoyle's "Cap-E-Tan" won a first ribbon for Best of Breed and fourth in Toy group ribbons for nine months. "Tinker's Black Nicoll," 10 months, took a second in the six to 12 month old class.

Truthseekers of Bethel Church With Mrs. Barlow

The Truthseekers Class of Bethel United Evangelical Church met in the home of Mrs. Ed Barlow Oct. 6. Co-hostesses were Mrs. Virgil Pittman and Mrs. Frank Demarest.

The scripture was read by Mrs. Barlow and Mrs. Henry Grobe, Woosung, gave two readings. Mrs. Harry Lester gave a talk on the Book of Revelation using the first half of the seventh chapter. Prayers were offered by Mrs. Joe Jeanguenat, Mrs. Harry Lester, Mrs. Carl Hess and Mrs. John Nelson.

The business meeting was conducted by the president, Mrs. Austa Wright, with roll call answered by 14 members and three visitors. Refreshments were served by the hostesses at the close of the meeting.

Rebekah Lodge

A regular meeting of Minnie Belle Rebekah Lodge will be held Friday at 7 p.m. in the IOOF hall. This will be a short meeting in order to enable members to attend the district meeting in Pawpaw.

Two Dixon Men Hurt In Accident

(By the Associated Press)

Two Dixon men and a Tampico couple were injured late Tuesday in a two-car crash near Walnut in Bureau county.

Another Dixon man escaped injury early today when the loaded ice cream truck he was driving overturned in a ditch about four miles west of Dixon on the Rock Island road.

The injured are: Darrell F. Moss, 21, 819 Jay Dee Ave., and Darrell E. Sunmark, 24, 113 DeMont Ave., both of Dixon; and Mr. and Mrs. Herbert Lee, Tampico.

Moss and Sunmark both are reported as in "good" condition today in Dixon KSB hospital. Moss suffered facial lacerations and Sunmark received minor abrasions.

Mr. and Mrs. Lee were taken to the Princeton hospital. Neither was injured seriously.

The collision occurred about 8 p. m. at the junction of Rts. 82 and 88, located west of Walnut. The autos were driven by Sunmark and Lee.

Both Moss and Sunmark are employed by the state highway department and reportedly were on state duty when the mishap occurred.

Millard Lee Hicks, 24, 1017 Third St., Dixon, escaped injury about 5:30 a. m. today when he reportedly lost control of the Hey Brothers ice cream truck he was driving and rolled over in a ditch.

The truck, containing 1,000 gallons of ice cream, also hit a fence and two telephone poles after plunging out of control.

The ice cream was not damaged, according to a company spokesman, but the truck was badly damaged. State Policeman George Kiner estimated \$1,000 damage to the truck.

President Again in Peace Role

(By the Associated Press)

DENVER (AP)—President Eisenhower took command anew of the American program for world peace today as medical bulletins reflected increasing progress along the slow road to complete recovery.

A 7 a. m. (MST) medical bulletin carried the familiar cheer-lift note:

"The President had another good night's sleep of eight hours. His condition continues to progress satisfactorily without complications."

His 25-minute bedside conference with Secretary of State Dulles Tuesday produced a new letter on disarmament to Soviet Premier Nikita Khrushchev. And it brought another warning the United States will not reduce its military power without guarantees Russia will do likewise.

The President's heart stood the conference so well that his brother, Dr. Milton Eisenhower, president of Penn State University, was invited to fly in today for his first visit since the President's heart attack Sept. 24.

What Eisenhower wrote Khrushchev in a page and a half letter, will not be disclosed until the Russian Premier has received it in Moscow. But Dulles told a Denver White House news conference:

"We do not anticipate any reduction of our total power unless we can be sure that there is a corresponding reduction elsewhere."

Sewer

(Continued from Page 1)

sewers and necessary improvements as soon as possible. The lots would be 63 to 75 feet wide and 140 feet long, according to Dietzler.

The council granted a permit to Edward Lambert, Dixon, for the operation of a taxi line from the Dixon hotel. The firm will be known as the "Red Top" cab line.

City Gets \$118
The council acknowledged a \$1,500 bequest from the Ella B. Kentner estate. The bequest, which totaled \$1,188.28 after taxes, was made for the purchase of a resuscitator or iron lung for the city. The equipment is to be known as the "Robbins" equipment, according to a provision in the bequest.

C. Lytle Ballard, commissioner of finance, indicated that the fire department is planning to use the money to replace its present resuscitator.

Mayor William Slothower reappointed six directors of the library board. They are: Lucile M. Warner, Louis Bertrini, William H. Haeflinger, Dorothy Armstrong, Margaret Richards and Dr. R. E. Worsley. The terms are for three years.

in coops 1.125 (Tuesday 1.045 coops 1.125 lb; f.o.b. paying prices is unchanged; heavy hens 22.25-25.50; light hens 17.50-20.00; broilers or fryers 25.25; old roosters 13.5-14.5; on caponettes under 4 1/2 lb 27-28; on 4 1/2 lb over 29-30.

Potatoes, arrivals 89, on track 226 and total U.S. shipments 422; supplies moderate; demand moderate and market firm. Carrot track sales: Washington russets is \$3.60; bakers \$3.75; Minnesota - North Dakota potatoes \$2.55-2.75; washed and waxed - Wisconsin potatoes \$2.25 (washed).

IEA Delegates Will Meet Here Will Choose Nominees For Division Officers

(By the Associated Press)

The delegate assembly of the Rock River Division of the Illinois Education Association will hold its annual business meeting in Loveland Community House, Dixon, Monday at 6:30 p. m.

Purpose of the meeting is to nominate candidates for office in the division. The election will be held during the annual meeting of teachers from the division in Dixon Oct. 21.

Delegates from Lee, Whiteside, Ogle and DeKalb Counties will nominate the candidates. Glenn Gaddis, Morris, president, will preside.

Local and county teachers who

will attend the business meeting Thursday are: Ruben Krakow, Dixon, vice president; Marjorie Chandler, Dixon, treasurer; Florence Ventler, Dixon, secretary; Ralph C. Pierson, Dixon, Lee County chairman of the Rock River Division, Sherwood Dees, Dixon, member of the finance committee; Earl G. Horn, Ashton, member of the legislative committee; Eva Weinreich, Dixon, member of the public relations committee, and the following delegates:

Edward Coe, Mrs. Margaret Payne, Mrs. Catherine McCoy and Mrs. Sara Degner, Amboy; Verle French, Ashton; Katherine Wright, Leota Plunkett, Mrs. Ruth Schreiner, Rosemary Vaile, Harriett Scott, Marie Thompson and Mrs. Marie Meurer, Dixon; Mrs. Margery Cruise, Franklin Grove; Mrs. Betty Buchanan and Gilbert Lehman, Harmon; Mrs. Kathryn Risetler, Pawpaw, and Mrs. Marion Hall, Steward.

The committee in charge of arranging the annual meeting Oct. 21 includes Thomas Rood, chairman; Marie Peterson, Curtis Westfall, Mary Campbell and Donald Good-year.

Funeral services will be in Chapel Hill Funeral Home Thursday at 2 p. m. with the Rev. Don Snider, pastor of the Church of the Brethren, officiating. Burial will be in Oakwood Cemetery. Friends may call in the funeral home.

Coroner's Jury Rules Mrs. Jones Death Was Suicide

(By the Associated Press)

A Lee county coroner's jury today ruled that Mrs. Harry Jones, 616 S. Ottawa Ave., Dixon, committed suicide Tuesday.

Coroner Robert Preston said that death was caused by "strangulation with suicidal intent while in a state of despondency."

According to a pencil-written note, Mrs. Jones apparently feared a slight error in her last year's income tax return would cause her to go to jail.

The error was in the government's favor. Mrs. Jones forgot to claim an additional dependent because she was over 65. The tax difference amounted to about \$44.

According to her elderly sister, Mrs. Rachel Amell, the error had been corrected and Mrs. Jones was cleared of the debt.

Mrs. Amell, who had lived with her sister since 1942, discovered her body in the basement of their home Tuesday morning. The body was suspended from a rafter by a clothes line.

She apparently took her own life about 9:30 a. m. Tuesday by jumping off a chair. She had reportedly been under a physician's care for a nervous condition.

Funeral services for Mrs. Jones will be held Thursday at 2 p. m. in First Christian Church with the Rev. Donald Littlejohn officiating. Woman's Relief Corps services also will be held in the church.

Burial will be in Oakwood Cemetery. Friends may call in Jones Funeral Home.

Mrs. Jones was born in El Paso, Ill., June 23, 1879, the daughter of Christopher and Julia Torman. She moved to Dixon with her family in 1910. Mrs. Jones' husband, Harry C., a Dixon policeman, died in 1941.

Survivors are a brother, George Onnen, and a sister, Mrs. Rachel Amell, both of Dixon.

She was preceded in death by her parents, a brother, Jerry, and two sisters, Mrs. Hattie Lebre and Mrs. Katie Miller, all of Dixon.

Mrs. Jones was a past president of Woman's Relief Corps.

No Inflation

ATCHISON, Kan. (AP)—Eighty-four years ago the Burlington Railroad paid the city of Atchison \$2,630.77 for approximately 1 1/2 acres of land along the Missouri River.

Now the city wants to build a wharf for river navigation. Tuesday the city agreed to buy back the property it sold to Burlington in 1871 — for the same price.

vehicles to aid police in making speeding arrests. He noted that one state policeman said in a newspaper interview recently that "trucks can spot a police car a mile away and when you get to them they have slowed up."

On the question of whether he would replace Brown, Stratton said he had not considered it, but said he would take some "action" if his policies are not carried out.

If all the iron ore, coal and limestone consumed by the steel industry in one year were placed in railroad cars and coupled together, the vast train would be 32,228 miles long.

Minnesota Farm Girl 'Princess'

(By the Associated Press)

CHICAGO (AP)—Ruth Marie Peterson, 20-year-old farm girl from Austin, Minn., was named the first American Dairy Princess Tuesday at the International Dairy Show.

She won the competition among entrants from 13 states. The victory entitles her to reign over the 1955 dairy show in Chicago.

The contestants have been in Chicago since Saturday attending parties, making public appearances and doing radio and TV hits. All reached the finals through competition at local and county levels and finally by winning statewide honors.

Illinois' representative in the competition was Marilyn Eckert, 18, youngest of five children of Mr. and Mrs. Eugene Eckert, Herrin. Her father is a high school principal and she is a sophomore at Southern Illinois University where she was chosen Orchid Ball Queen and Miss Anthony Hall.

Stock Market Recovers in Brisk Fashion

(By the Associated Press)

NEW YORK (AP)—The stock market staged one of the strongest recoveries of the year today with gains running from \$1 to \$4 in key areas.

The steels and motors were especially active and strong, but there was excellent support from all quarters.

Trading was brisk, but the pace wasn't so great as Tuesday when 3,590,000 shares changed hands in a moderately lower market.

The market has been in a major reaction ever since the announcement of President Eisenhower's illness, and it has been going down rapidly for the past four days.

Today at the start there was a rush of buying that forced the tape to lag briefly in reporting transactions.

Among higher stocks were Texas Co., Eastern Air Lines, Kennecott Copper, International Nickel, Union Carbide, Du Pont, International Paper, Bethlehem Steel, U. S. Steel, General Motors, Chrysler, Sears Roebuck, Boeing and Douglas Aircraft.

There was no trading over the counter in U. S. government securities because of the holiday for Columbus Day.

Dixon Policemen Attend Annual Meet in Aurora

(By the Associated Press)

Two Dixon Police Officers, Ernest Smallwood and Ed Trotter, returned late Tuesday from the annual convention of the Police-men's Benevolent and Protective Association held Monday and Tuesday in the Leland hotel, Aurora.

Featured speaker was Special Agent David Hostetter who is in charge of the Chicago Office of the Federal Bureau of Investigation.

He stressed the accomplishments achieved when the FBI and the local police departments work together.

Approximately 120 delegates from Illinois police departments attended the convention, according to Smallwood. The delegates are sponsored by the local chapters of the association.

The Dixon unit recently elected new officers. They are: Officer John Woodruff, who succeeds Trotter as president; Sgt. Burt Lorenzen, vice-president; and Smallwood, secretary-treasurer.

KSB Hospital

Admitted: Mrs. Mary Schmidt, Amboy; Mrs. Annie Strong, Darrell Sunmark and Darrell Moss, Dixon.

Discharged: Mrs. Mary Mantsch, Mrs. Marilyn Camery, Mrs. Elsie Mantsch, Mrs. Anna Mishler, Mrs. Caroline Esperson, Mrs. Gail Olson and Mrs. Joan Parke, Dixon; Mrs. Gail Hageman, Polo; Russell Glenn, Amboy; Mrs. Patricia Van Doren, Oregon; Mrs. Ethel Pierce, Rochelle, and John Coursey, Polo.

Births: Mr. and Mrs. Donald Keho, Amboy, a daughter, Oct. 11. Mr. and Mrs. Stephen Blackburn, Dixon, a daughter, Oct. 11.

Mrs. Bessie Long and sons, Gene and John, Astoria; Miss Mary Lou Long, Springfield, and Charles Long, Denver, Colo., were weekend guests of the Sam Wickert family, 1205 W. Third St.

On Sunday Mr. and Mrs. Phillip Wherley and twin sons, Tommy and Timmy, with Mr. and Mrs. Merlin Wickert and son, Jimmy, all of Peoria, were visitors at the Wickert home.

Miss Judy Carlson, daughter of Mr. and Mrs. L. P. Carlson, 816 Burton Ave., is a freshman member of the 64-voice Oratorio Society at Cornell College, Mt. Vernon, Ia. The group is preparing to sing their 51st performance of Handel's "Messiah" with the symphony orchestra of Cornell on Dec. 18, and will also sing with the Chicago Symphony Orchestra in a performance of a Mozart Mass at the May Music Festival next spring.

Mr. and Mrs. Harvey Long, Mt. Morris travelers, showed their color pictures of Egypt and the Holy Land last Monday night at the monthly Birthday Supper at the Kingdom Church, with more than 50 present to enjoy the interesting comment accompanying the pictures.

UN Official Will Speak Here Friday

(By the Associated Press)

A public relations director for United Nations Educational Scientific and Cultural Organization (UNESCO) will speak in Dixon Friday under the sponsorship of the Dixon Council of Church Women and the International Relations committee of the American Association of University Women.

Muriel Jacobson will speak Friday at 8 p. m. in the Methodist Church. Miss Jacobson recently returned from working in Paris, France.

The meeting while being sponsored by two women's groups, is open to the public, including men. One of the women arranging Miss Jacobson's appearance here is Mrs. Blair Rittersbach, 1015 Idlewild Dr., who returned last week after 10 days in Mexico studying the UNESCO Center for Fundamental Education at Patzcuaro, Mexico. Mrs. Rittersbach says the center operates to train teachers to help solve elementary problems of sanitation, agriculture, trades and education.

The Mexican study trip was sponsored by the American Association for United Nations (Chicago Division).

Emma, TV Elephant, Gets Mad

HOLLYWOOD (AP) — Emma the elephant got mad on a sound stage and her peevish put her trainer and an actor in a hospital.

The 40-year-old veteran of many a jungle movie evidently was irked Tuesday because the plants she began to munch on a television film set were made of rubber.

Emma began to shake, like a dog coming out of water. Actors Vito Scotti, 25, and Nino Marcel, 21, riding on her back, were shaken off. Emma then went for her trainer, William Gamble, 27, and pinned him against a wall.

Scotti suffered a concussion and broken right arm. Gamble was hospitalized with internal injuries. Marcel landed in shrubbery and suffered only bruises.

Frank Ferrin, producer of the Andy Devine Gang television series, who has used Emma in movies for 15 years and in TV for six years, shouted "Stop, Emma," and she did, moving away from Gamble.

"I wasn't afraid of Emma—I've known her too long," Ferrin said. He showed his confidence in the 9,000-pound beast by using her in another scene later in the day.

Psychiatrists Balked in Quiz Of Cop-Slayer

CHICAGO (AP) — Psychiatrists say they know enough to rule on the sanity of cop killer Richard Carpenter despite his refusal to cooperate with them Tuesday.

Dr. William H. Haines, head of the Criminal Court behavior clinic, said that when he and a colleague sought to talk with Carpenter in his cell, the slayer merely stared at them in silence.

Dr. Haines added, however, that he had obtained enough material in two previous visits with Carpenter to give a pre-trial sanity ruling. The psychiatrist wouldn't say what his ruling would be.

Carpenter's defense attorneys had obtained a court order directing the psychiatrists to examine him.

Carpenter, 25, is to go on trial Nov. 7 on two murder indictments. He shot and killed policeman William J. Murphy when Murphy sought to arrest him for robbery Aug. 15. Two days later policeman Clarence Kerr spotted Carpenter in a theater but was shot and wounded as the slayer fled.

Carpenter also was indicted for murdering Richard Dix, a radio disk jockey, last year. Dix was shot to death trying to protect a woman friend from an assailant.

He Smuggles Things—Like Steamrollers

LONDON (AP) — John McKenna does things in a big way. He has been fined 3,150 pounds (\$8,820) for smuggling steamrollers out of Britain.

British law prohibits the export of scrap metal, of which there is a shortage in this country. So, said witnesses for the customs service in court Tuesday, McKenna shipped out his old steamrollers as working machines which would be put to service flattening roads in Belgium.

The jig was up when some British tourists spotted one of the relics in a Ghent junkyard and told a member of Parliament.

New U.S. Bomber Passes All Tests

EGLIN AIR FORCE BASE, Fla. (AP) — The new B32 eight-engine bomber, star of an Air Force demonstration of might, has passed all its tests thus far, officials said.

The swept-wing bomber was shown to 6,000 persons Tuesday as part of a presentation of the Air Force's best planes. It is being delivered to Strategic Air Command forces on a full production basis by the Boeing Aircraft Corp., the Air Force said.

It's Moving Day Friday In Springfield

SPRINGFIELD, Ill. (AP) — Moving day begins Friday for a score of state agencies and several thousand employees.

Within five weeks, agencies which have been scattered around Springfield for years will be housed in the new State Office Building, an 8-story, 11½ million dollar structure across the street from the Capitol.

About 2,100 state employees will be transferred there.

First on the moving list is the Department of Revenue, which has occupied part of the privately owned Illinois Building in downtown Springfield. State Architect Louis H. Gerding said other offices will move at intervals to avoid confusion and congestion.

Save \$375,000 Rentals
The new building will end payment of about \$375,000 in annual rentals for space tenanted by state divisions and commissions in 19 locations here.

Some of the major offices to be quartered in the structure are the departments of Conservation, Public Works and Buildings including the Highway Division, Health, Labor, Welfare, Mines and Minerals, and the Illinois Public Aid Commission, Illinois Toll Road Commission, Veterans Commission, Youth Commission and the superintendent of public instruction. The transfers will relieve a crowded condition in the Statehouse and Centennial Building.

Began in 1954
Funds for the building were appropriated by the 1953 Legislature, and Gov. Stratton turned the first spade of earth Feb. 15, 1954.

The new H-shaped structure has a limestone exterior above a black granite base. It is fireproof and air-conditioned throughout. It has a gross floor space of 445,000 square feet and is designed to permit future expansion to meet any future needs.

Canada, Russia In Trade Talks

MOSCOW (AP) — Canada and the Soviet Union announced today they are negotiating for a "most favored nation" trade treaty and for co-operation in other fields, including scientific research in the arctic.

This was revealed in a joint communique published in the Moscow press following the departure of Canadian Foreign Secretary Lester B. Pearson.

Pearson arrived in Moscow a week ago for conferences with Foreign Minister V. M. Molotov. The "most favored nation" principle requires each nation to give the other's exports the same treatment it gives those from its most favored trade partner.

BLOOD'S WEIGHT
The blood in a healthy person weighs about one-twelfth of his entire weight. The amount of blood in the average adult is nine to 12 pints, each weighing about one pound.

There are no snakes or poisonous spiders in Bermuda.

POISED POSTER GIRL—Jolene Kay Lake, 3½, of Seattle, Wash., doesn't appear over-awed at winning the 1955 national poster contest of Muscular Dystrophy Associations of America. Jolene, victim of the fatal disease, is this month calling upon stars of stage, screen, television and radio, as well as leading figures in public life to join in her appeal for 500,000 volunteers. They'll serve in the nationwide house-to-house Thanksgiving Week March for muscular dystrophy.

Christmas Tree Lights Burn For Son Army Says Is Dead

DECATUR, Ill. (AP) — Lights on a withering Christmas tree will be burning, as they have for nearly five years, when Mrs. Luella Miller meets a train at the Decatur railroad station today.

Mrs. Miller decorated the tree for Christmas, 1950. When the younger of her two sons, Pfc. Clifford Sapp, then 19, didn't return from Korea for Santa's visit, she vowed to keep the tree up until he did get home.

Since then the lights have burned 24 hours a day.

In January, 1951, the Army notified Mrs. Miller that her son had been missing in action since Nov. 30.

Sometime later the hopeful mother saw a newspaper picture of some prisoners in North Korea and thought she recognized her son among them.

She held out hope, and had no further word until about a month ago.

Then the Army informed her remains of a soldier killed in Korean fighting had been identified as those of her son.

A casket containing the remains is to be on a train arriving in Decatur late today.

Mrs. Miller said she would meet the train and attend a military funeral planned for Saturday, but she isn't giving up.

"Despite what the Army says, I know my boy wasn't killed in action," she said.

"I feel I have to go ahead with it (the funeral) as if it were my boy. If it were, the best would not be good enough. If I didn't go, I wouldn't feel right about it the rest of my life. I just didn't feel I should give up hope."

She said the Christmas tree, most of its browned needles kept intact by daily watering, will stay up and the lights will keep burning.

Mrs. Miller's other son, George, operates a roadside cafe at nearby Forsythe.

QUITS TV CONTRACT—Imogene Coca, shown in one of the wistful tramp roles she played in last year's television comedy series, has voluntarily given up a multimillion dollar contract with NBC following failure of the program. Her contract with the network guaranteed her a minimum of \$100,000 a year and still had nine years to run. Last year she received about \$500,000. (AP wirephoto)

Claim Player Revealed Signals in Canada Loop

Team Fines Twenty for Poor Play

CALGARY (AP)—Trouble rocked Canadian pro football today—the Calgary Stampeders are sure they lost a game because a player tipped off the opposition, and the Ottawa Rough Riders are shaking up their roster after fining 20 players \$200 each for sub-par performances.

The Stampeders, who Tuesday fired guard Dean Bandiera after accusing him of revealing their plays to the Winnipeg Blue Bombers, were reported considering a request to Western Interprovincial Football Union (WIFU) officials for a replay of last Saturday's game. The Bombers won it 13-12.

Denies Charge
It seemed unlikely such a request would be honored, however, League President Jack Rowand already has commented he didn't "think it really mattered much because Winnipeg probably already knew the Calgary plays anyway."

Bandiera denied the charge. "The Ottawa players were fined \$100 for each of the last two games. The club announcement said the fines were imposed 'for failure to exhibit the caliber of football of which the players are capable.'"

The announcement added "immediate steps are being taken to secure replacements in an endeavor to strengthen the team."

The Big Four club did not identify the players or reveal how many American imports were involved.

So. Central Bows, 20-0, To Lincoln

GRADE STANDINGS	W	L	Ties	Opp
Washington	3	0	3	12
Jefferson	1	2	6	32
S. Central	1	2	6	28
Lincoln	1	2	3	15

Game Thursday
Jefferson at Lincoln.
Game Friday
South Central at Washington.

Lincoln grade school scored its first victory of the season in the City Flag football league Tuesday to wind up first round play.

As a result of Lincoln's 29-0 decision over South Central, Washington holds first place by two full games over the other three teams which are all knotted with 1-2 marks. Washington has a 3-0 record.

Tom Kanzler, who scored twice to lead Lincoln to victory, opened the scoring when he skirted right end for 10 yards, in the second period.

In the third quarter, Dennis Venter ran right end for six yards to score and Kanzler closed out the scoring in the final period when he intercepted a pass and went 40 yards to tally.

Bill Lawson scored the extra point for Lincoln in the second quarter when he went up the middle and a pass from Venter to Dickens accounted for the fourth period extra point.

South Central threatened twice. In the first period the losers drove to the Lincoln 15 before stalling and in the final period, a pair of first downs gave the losers the ball on Lincoln's five.

Score by quarters:
Lincoln 7 6 7—20
South Central 0 0 0—0
Scoring: Lincoln — Kanzler 2
Venter. Extra points — Lawson (run), Dickens (pass).

Lane Names Manager at Conference

Moore, Posedel, Hopp Announced As New Coaches

ST. LOUIS (AP)—Fred Hutchinson, former Detroit manager who led Seattle to the Pacific Coast league championship this year, today was named manager of the St. Louis Cardinals.

Hutchinson was given a two-year contract at an undisclosed salary.

The replacement of Harry (The Hat) Walker with the 36-year-old Hutchinson followed by five days the appointment of Frank Lane as general manager of the club, a seventh place finisher this past season.

The news that Lane had decided on Hutch as his field boss leaked out within hours after Lane's appointment last Friday and the reason for today's news conference had all but disappeared by the time the reporters gathered at the Cardinal office.

Hutchinson announced his coaches as Terry Moore, former Cardinal star; Johnny Hopp, and Bill Posedel. Posedel is a carryover from the Walker regime.

Walker took over as Cardinal manager from the fired Eddie Stanky last May only to see the Cardinals go on to their worst finish in 36 years.

The big, square-jawed Hutchinson, longtime pitcher with Detroit, replaced Red Rolfe as Detroit manager July 5, 1952.

The new Redbird front office boss said he wasn't thinking in terms of a rapid series of trades to help the club.

"Maybe one deal properly made for the right player is all we'll have to do," said the man who made 241 separate deals involving 343 players in his seven years as Chicago White Sox general manager.

Lane already had talked with officials of Brooklyn, Philadelphia, Detroit and the Chicago Cubs by telephone, plus a seven-hour session with Gabe Paul, Cincinnati Redlegs general manager, which wound up in the early morning hours Tuesday.

He asserted again that pitching, catching, first base and right-handed hitting help are the most pressing needs.

Liska Sees Illini, Iowa, Badger Wins

By JERRY LISKA

CHICAGO (AP)—Like old Chris Columbus, the midwest swami will follow the compass right down the line this football Saturday.

NOTRE DAME 19, MICHIGAN STATE 13—The Irish play pretty much like Rocky Marciano fights. They just keep throwing punches until the other guy forgets to duck.

The Spartans will show Terry Brennan's lads more speed than they have seen all season. This is the one the Irish are most worried about, even with Navy ahead.

MICHIGAN 21, NORTHWESTERN 7—Even without injured Ron Kramer, the nation's No. 1 team should maul the winless Wildcats. Northwestern has always been a toughie for the Wolverines, but would need brass knuckles to make even a dent this time.

WISCONSIN 20, SOUTHERN CALIFORNIA 14—Friday night—Badger balance gets better and better. That goes for defense as well as a brilliant blend of passing and running. The Trojans of Southern California lost considerable prestige in its 7-0 upset by Washington.

ILLINOIS 14, MINNESOTA 12—Only because the game is at Champaign, Ill. The fleet Illini backs, however, will bother the Gophers, even though Minnesota has come up with a fine soph full-back, Dick Borstad.

IOWA 19, PURDUE 14—The injury-hit Hawkeyes did well against Indiana, while the Boilermakers still are waiting for Len Dawson to shake off a thumb injury and round into his 1954 passing form. This is an important Big Ten game for these two victims of Wisconsin.

OHIO STATE 21, DUKE 14—A timid vote for the Buckeyes and Howie (Hopalong) Cassidy against the high-scoring Blue Devils. Duke has tallied 101 points in rambling over North Carolina State, Tennessee and William and Mary.

INDIANA 19, VILLANOVA 7—The Hoosiers win their first game of the season. Villanova's Wildcats have scratched only 15 points in losing to Baylor, Kentucky and Boston College. Indiana's 19 points were against Michigan State, Notre Dame and Iowa.

MARQUETTE 14, CINCINNATI 7—This is a meeting of two shell-shocked clubs. The Warriors are fresh from a 42-0 clobbering by Kansas State. Cincinnati was measured last weekend by Xavier, 37-0.

LOSES UCLA STARTING JOB—Ronnie Knox (above). UCLA's highly-publicized tailback, has lost his starting job to Sam Brown, a hard-running 170-pounder. Brown was the big star in UCLA's 38-0 victory over Oregon last week and earned the starting assignment against Stanford next Saturday. (AP wirephoto)

Saban Likes NU's Chance At Michigan

EVANSTON, Ill. (AP)—Northwestern football Coach Lou Saban, a young man who places a lot of emphasis on psychology, has the unenviable job of sending his winless Wildcats against Michigan Saturday.

But Saban likes his chances against the nation's No. 1 team and in the Big Ten where the byword is "any team can beat any other team on any given Saturday."

Northwestern has a chance, slight as it may be.

Someone mentioned it might be better if Northwestern fails to show up for the Michigan game but the 33-year-old coach only smiled and said "we couldn't meet them at a better time, psychologically."

"I understand their great end Ron Kramer will not play because of injuries, and fullback Lou Baldacci also is having troubles. If that's true, then this is the week to play Michigan," he continued.

Moral Is Good
"We're going up there (Ann Arbor) with the idea we can win. They're rated the best in the country so we'll just have to play our best. And remember, Michigan could suffer a letdown after its 'must' win over Army. Our kids are up for this one and their moral is good."

This isn't the first time Saban has been optimistic. Following an opening day loss to Miami of Ohio, he promised his boys would make a better showing against Tulane.

They didn't, losing to Tulane 21-0. Last week Saban almost—but not quite predicted a victory over Minnesota. The Gophers won 18-7. Nevertheless, Saban says "we're improving and looking over the situation we can beat Michigan."

Some Big Upsets
It may be ancient history but the freshman coach can take some heart from records of yesteryear when there were some big upsets.

There was 1916 when Ring Lardner then writing for a Chicago newspaper, advised a Bob Zuppke-coached Illinois team "to stay in Chicago, go to a show, and have a good time" instead of invading Minnesota.

The Gophers had scored 48 or more points in each game. Illinois, having lost two games, beat Minnesota 14-9.

Nine years later, under coach Glen Thistlethwaite, a Northwestern team which finished the season with five victories in eight games, upset Michigan's unbeaten, unscored-upon Wolverines 3-2. Those were the only points scored against Michigan in 1923.

Commits Suicide
SAN GABRIEL, Calif. (AP)—Horseman Albert A. (Berl) Baroni, who trained Top Row to win the \$100,000 Santa Anita Handicap in 1936, shot and killed himself Tuesday police reported.

The 68-year-old stable owner, who claimed Top Row for \$3,500 and won \$213,000 in purses with him, was found in his bedroom by his wife, Ann. He died a short time later in an emergency hospital.

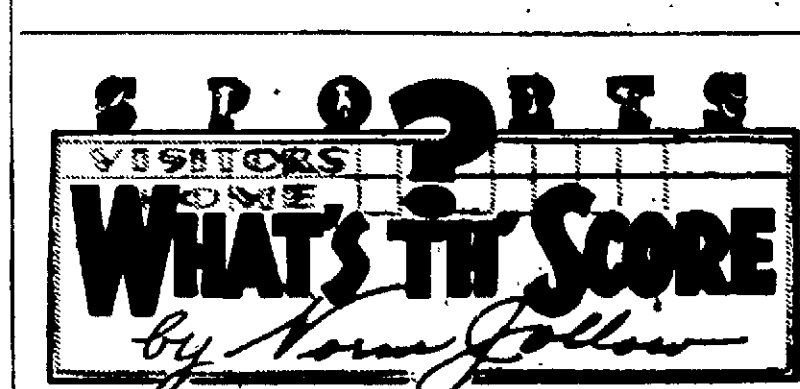

Capt. W. N. Hatch said Mrs. Baroni told investigators that her husband had been under treatment for a nervous condition.

Born in Lucera, Italy, Baroni peddled vegetables to get his start in life. Eventually he made a fortune in silver mining in Nevada.

FOOTBALL TICKETS—Bill Zinnen, DHS ticket manager, reported he has received 200 adult and 300 student tickets for the Dixon at DeKalb football game Friday night. The tickets are now on sale. There are 150 adult and 50 student tickets at Fulls and 50 adult and 250 student tickets at the high school.

Adult tickets are 85 cents and student tickets are 35 cents.

DUCK SEASON FOR THE NORTHERN zone of Illinois opens at 5:43 a. m. Saturday and runs until 4:07 p. m. Dec. 23. The Telegraph will publish a complete list of sunrise, sunset and shooting times for the season on Thursday's sports page. We suggest you clip it and keep it handy. However, daily sunrise and sunset times may be found in the weather box on page one and shooting times begin daily 30 minutes before sunup and end 30 minutes before sunset.

WHEN YOU BRING DOWN that duck, the process of getting it on the table as a delectable is only beginning. A University of Illinois food specialist offers these suggestions:

Keep the bird dry. A game carrier or hunting coat with game pockets is good for this purpose. Then cool the duck soon after you shoot it, and keep it cool on the way home. Carelessly throwing it into a hot car trunk means that it will be likely to go into the garbage pail when you get home. A portable refrigerator will probably be a good investment if you do much hunting.

PICK THE BIRD SOON after you get home. Follow your own system for picking (not skinning) the duck but be sure to remove all the pin feathers.

When you draw the duck, first cut the head and then the wings and feet from the body. Slit the abdomen and remove all internal organs. Save heart, gizzard and liver.

Instead of washing, wipe the drawn duck with a damp cloth. Washing removes much of the flavor.

PLACE THE GIBLETS in the abdominal cavity and wrap the duck loosely in waxed paper and refrigerate until needed. Expert game cooks prefer birds that have been refrigerated for two or three days to improve flavor and texture.

Cooking is a problem in itself, but no one can tell the expert how to cook his own prize. And we're no expert.

West Virginia, TCU Lead Major Colleges in Statistics

West Virginia and Texas Christian are major college football's statistical leaders and the chances are such former stars as Ira Errett Rodgers, Sammy Baugh and Davey O'Brien would do a flip if they noted how their colleges got to the top.

Rodgers, West Virginia's only authentic All America player, was quite a passer in his time, but in 1919 they didn't toss the ball around the way three Mountaineer quarterbacks are doing it these days.

West Virginia has gained nearly half its yardage in the air to lead the nation in passing and in total offense.

Baugh and O'Brien were two of the greatest passers when the Southwest Conference was famed for its aerial antics. Now their school, Texas Christian, is tops in rushing and has averaged only eight pass attempts a game.

Few Reporters
These are a couple of notable changes brought out today by the NCAA Service Bureau's team of statisticians. As long as such records have been kept, neither West Virginia nor TCU has finished in the top 10 in the departments in which they now lead. And the tabulation of leaders shows very few repeaters even from last season.

West Virginia, with Fred Wyant Mickey Trimark and Alex Such tossing, has averaged 293.3 yards per game through the air—628 yards on 22 passes—and has one of the top completion averages.

In three victories, the Mountaineers have piled up 1,298 yards, an average of 432.7 a game as compared to 414 for second-place Illinois. In passing alone, Texas is the only Southwest team that still relies mainly on aerials, is second with a comparatively puny 165.5 yards per game and Drake is third with 160.5 yards.

Texas Christian has run the ball on 247 of its 279 plays for a total of 1,337 yards and an average of 234.9 yards per game. That, plus just 155 yards by passing, was enough to give TCU sixth place in overall ground gaining with a 373-yard average.

Fight Tonight
MIAMI, Fla. (AP)—Ralph (Tiger) Jones, seventh ranked middleweight contender, fights Al Andrews tonight for television boxing fans.

Jones, never knocked off his feet in 53 fights, is an 8-5 favorite. The bout will be televised by ABC from Miami's Dinner Key Auditorium beginning at 8 p. m. CST.

Jones has been enjoying a good year after losing five in a row last year. He has a victory over Sugar Ray Robinson. Other victims include Chris Christensen, Ernie Durando and George Johnson.

Andrews, unranked, has a record of 40 victories, 14 losses and two draws.

Pierce Has Best Mark In American

NEW YORK (AP)—The 1955 baseball season was not a complete bust for the Pittsburgh Pirates after all. They had the National league's earned run leader in Bob Friend, their 24-year-old right hander.

And that's not all. Friend becomes the first major league pitcher in history (earned runs were first tabulated in 1912) to finish on top in ERA while performing for a last-place club.

Figures compiled by the Associated Press revealed today that Friend gave up 63 earned runs in 200 innings for an earned run mark of 2.84. He had a 14-9 won-lost record.

Lefty Billy Pierce of the Chicago White Sox paced the American League with a 1.97 earned run average. He yielded 45 earned tallies in 206 frames while winning 15 games, and losing 10.

Friend, who produced 2 shutouts and had 9 complete games, is the first Pirate hurler to lead in earned run averages since Cy Blanton topped the National League with 2.39 in 1925.

Bob Buhl of the Milwaukee Braves finished second to Friend in the National. He permitted 72 earned runs in 202 innings for a 3.21 ERA. Buhl won 13 games and dropped 11.

Don Newcombe of the world champion Brooklyn Dodgers was third with 3.23. Warren Spahn, the Braves' veteran southpaw, was fourth with 3.26. He was followed by Robin Roberts, Philadelphia Phillies, 3.30; Johnny Antonelli, New York Giants, 3.35; and Joe Nuxhall, Cincinnati, 3.47.

Best Since 1946
Whitney Ford of the New York Yankees was runner-up to Pierce in the American. He permitted 74 earned runs in 254 frames for a 2.62 ERA. He had 18 victories against 7 setbacks.

Early Wynn of Cleveland was third with 2.82. Then came Frank Sullivan, Boston Red Sox, 2.91; Herb Score, Cleveland, 2.93; and Billy Hoelt, Detroit, with 2.99.

Pierce, 28, produced 6 shutouts and 16 complete games. His earned run mark is the lowest in the majors since Hal Newhouser of Detroit finished with 1.94 in 1946.

Winless Walnut Meets Unbeaten Wyoming Friday

The Walnut Blue Raiders, who are suffering through one of their poorest grid campaigns in recent years, face the tough prospect of trying to pick up their first victory of the season from Wyoming, a team that shares second place in the South Blackhawk conference race with a 2-1 mark.

Walnut, until last year, had won the loop title six years in a row. Last year, the Raiders compiled a 4-3 mark. This year, however, Walnut has lost three straight conference tests and its only non-loop endeavor.

Two league games Thursday find Bradford (2-1) testing Wettersfield and Toulon (2-1) meeting Princetonville (0-3). Friday night, Walnut hosts Wyoming and Elmwood (0-3) is at Galva.

The Morning After ... By "FRIDAY"

We're sure all Dixon bowlers will join in offering our sympathy to Phyllis Carson, in the loss of her mother. Phyllis has been one of the top women bowlers since we have been in Dixon and her mother was a regular attendant and a devoted leader for whatever team Phyllis joined on. Dixon bowlers, as well as Mr. Carson's family, will miss her.

Girl Plunges From Ferris Wheel at Fair

DALLAS, Tex. (AP)—A high school girl was plunged to her death here Tuesday at the State Fair of Texas when a pivot on a 90-foot high Ferris wheel broke and dropped her seat to the ground.

Cynthia Combest, 17, a member of the Memphis, Tex. high school band, was dead on arrival at Baylor Hospital. Two companions in the seat with her—Kay Leslie, 15, and Barbara Allen, 14—were critically injured.

Thousands of fair-goers gasped in horror or screamed as they saw the girls, dressed in their band uniforms, fall. Two other youngsters received minor injuries when they were struck by the falling seat.

"They just fell on me and knocked a gash in my head; they fell right through to the bottom," sobbed Mollie Balfour, 13, Winona, Tex. Bobbie Winchester, 13, Irving, Tex., also was hit by the seat.

It was the first trip for the Memphis band to the state fair.

Quarrel Over Stew Results in Slaying

PHILADELPHIA (AP)—Argument over how much meat was in a 35-cent stew resulted in the fatal stabbing Tuesday of a lunchroom

counterman, police said. They were seeking a man known only as "Sam" for the slaying. Police said he stabbed Ira S. York of Eagleville, Montgomery county, after York ejected him from the lunchroom when he complained there was no meat in the stew.

Of the 82 legal executions in the United States last year, 45 were in Texas.

Truman Does A Big Turnabout Backs Off From Adlai; He's 'Neutral' Now

By DON WHITEHEAD

WASHINGTON (AP)—A big question in politics today is: Whom—if anybody—does former President Harry S. Truman favor for the Democratic presidential nomination next year?

First he said it was Adlai Stevenson, the man who carried the Democratic banner unsuccessfully against GOP candidate Dwight D. Eisenhower in 1952. Now he says he is neutral. It isn't quite clear whether he has backed away from active support of Stevenson, although that would seem to follow.

Eyes on Harriman

In any event, Truman's activities in the past few days have centered attention on Democratic Gov. Averell Harriman of New York as a possible avowed candidate for the Democratic nomination. And it isn't likely an old campaigner like Truman spoke out without knowing his words would have some such effect.

Few politicians would deny that Truman's support in a convention would have great value. He remains a voice within the Democratic party who can speak and command attention because he is an ex-president of the United States and a political strategist of no small ability.

For months past, Truman has said with unmistakable clarity that he was for Adlai Stevenson. He didn't mention neutrality in those statements.

On Aug. 17 he repeated in an interview that he was supporting Stevenson for the nomination although he intended to be in there fighting for the Democratic nominee, no matter who he might be.

Again, on Sept. 9, he said in the Stevenson cheering section. He said in a speech in Chicago that he had talked with Stevenson by telephone that morning and "I told him if he announced for president I would be for him."

Not So Positive

Thirty days later, the former president didn't appear to be so positive about whom he would support.

While visiting Harriman in Albany, N. Y., he remarked that he was "as neutral as a man could possibly be in my position."

Political observers noted that on the same day, Harriman said during a television program he had "no obligation" to Stevenson and had never said "I would support him in a convention," although Harriman had said previously he was for Stevenson.

Harriman insists he isn't a candidate for the nomination, but nevertheless he's getting a strong buildup from the Tammany Hall organization headed by Carmine DeSapio, a New York national committeeman.

It has been expected that Stevenson will announce his candidacy soon.

Wants a Winner

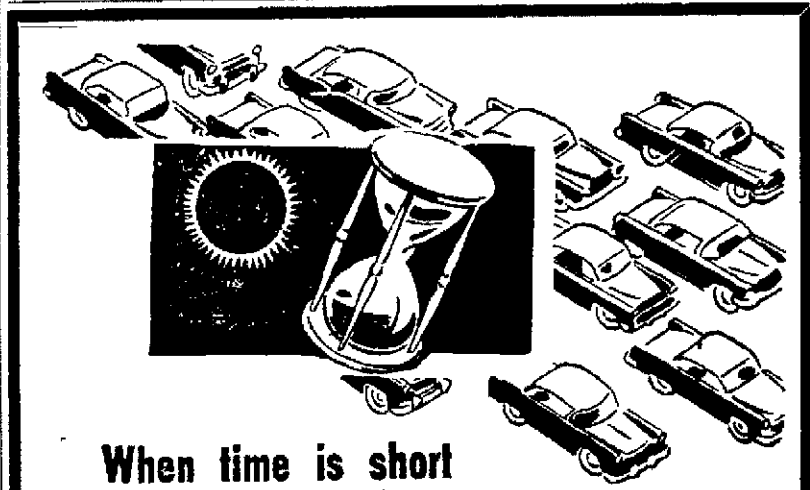

Tuesday Truman told reporters he wasn't choosing up sides before the convention. He said "I have no candidate, except I want a winner when the Democratic convention acts." And he predicted the Democratic nominee would be the winner.

On the face of it, Harriman would seem to have gained strength by reason of the former President's announced neutrality while Stevenson had slipped at least a small step.

LENGTHY MIGRATION

The land bird with the longest migration route probably is the night hawk. It migrates from southern Yukon and Newfoundland south through the Greater Antilles and Central America; winters in South America from Brazil south to Argentina.

BLOWOUT PROTECTION

There's no tube to pinch or explode! Inside this tire there's a Safety-Liner, which slows air loss, and reinforces the tire in the event it should be injured... instead of a dangerous blowout you get a harmless slow leak. You drive relaxed, with greater peace of mind.

PUNCTURE PROTECTION

If a nail, or any sharp object should penetrate this tire, the Safety-Liner grips it and slows the air loss... no sudden flat tires, no need to change flats on the road, instead the Firestone De Luxe Champion Tubeless enables you to drive to the nearest service station.

SILENT-RIDE SAFETY-GRIP TREAD

SKID PROTECTION... Newly designed silent tread has 70% more angles and skid-protecting edges.

QUIETER RUNNING... Won't squeal even on sharpest turns. No hum or whine because tread elements overlap to prevent rhythmic vibration.

SAFETY-TENSIONED GUM-DIPPING

Firestone's new cord treating factory combines the famous Firestone Gum-Dipping process with Safety-Tensioning, a new process which takes the stretch out of tire cords, prevents dangerous tread cracking. The result is greater blowout protection and longer tire life.

ONLY FIRESTONE GIVES YOU THESE GREAT SAFETY AND MAXIMUM TRACTION FEATURES

Most Bosses Talk Too Much, He Says

DETROIT (AP)—Most bosses talk too much, Dr. Wesley Wiksell told the Systems and Procedures Assn. of America Tuesday.

"Many bosses feel that their position entitles them to do all or most of the talking," said Dr. Wiksell, a professor of speech at Louisiana State University. "But, actually, much of the secret of effective communication is simply letting the other fellow do most of the talking."

Dr. Wiksell said production and morale go up and absenteeism and grievances go down when the boss listens instead of talks.

Prefabricated railroad stations are being used by British lines.

DAIRY PRINCESS—Ruth Peterson, 20, of Austin, Minn., holds a bouquet of roses and a gold-plated cow bell in Chicago after being chosen first American Dairy Princess. She will reign over the International Dairy Show in 1956. Girls representing 13 states competed for the title. (AP wirephoto)

The Inner Gorge of the Colorado River in the Grand Canyon is cut through dark Pre-Cambrian rocks formed some one and a half billion years ago, says the National Geographic Society.

Illinois Corn Crop Estimate In Borne Out

SPRINGFIELD, Ill. (AP)—Weathering summer heat and drought, Illinois corn today headed for a larger-than-average crop this year and soybeans for the largest ever.

Based on Oct. 1 reports, the State-Federal Agriculture department said Tuesday the outlook is for the same 500 million bushel corn yield foreseen in August. This is 11 per cent larger than last year and 8 per cent larger than the 1944 state average. By acre, the corn yield prospects are 54 bushels.

Soybeans failed to fare as well during September, their prospects dropping 5 million bushels to 104 million.

The outlook is still 13 per cent larger than last year and greater than the 10-year average by 28 per cent. The yield is foreseen as 23 bushels an acre, or a bushel less than in August.

The hay crop is estimated at 5,200,000 tons, compared with 4,700,000 last year.

About 15 per cent of the corn is picked and about 70 per cent of the bean combining is finished. Mud has held up some corn picking. Some corn borer activity weakened stalks which lodged and hampered picking.

Dogs rarely live beyond 20 years, cats live longer.

DULLES CALLS ON PRESIDENT—Secretary of State Dulles steps from an automobile in front of Fitzsimons army hospital, Denver, Oct. 11 on his way to a foreign policy conference with President Eisenhower, recuperating from a heart attack. (AP wirephoto)

FOUNDED COAST GUARD
Alexander Hamilton, first Secretary of the Treasury, founded the United States Coast Guard in 1790, to protect life and property on the sea and navigable waters of the United States.

Michigan has 35,350 miles of streams about half of which are trout waters.

Legion Parades In Rain

MIAMI, Fla. (AP)—American Legionnaires wound up a rain-soaked parade in the wee hours today and then turned to the thorny UNESCO question and other convention issues.

A joint meeting of the Americanism and Foreign Relations Committees was reported unofficially to have turned thumbs down on a special committee report that gave a clean bill of health to the United Nations Educational, Scientific and Cultural Organization.

The report had said that UNESCO was neither Communist nor atheistic, nor in favor of world government.

For the third time in the four conventions the Legion has held here, Miami's traditionally sunny skies gave way to rain for the annual parade.

It hadn't rained here for a full day since early July, but Tuesday a stubborn downpour forced postponement of the parade.

By that time the rain had let up and the Legion started its march after midnight for the first time in its history.

But scarcely half an hour after the procession of 25,000 marchers 100 bands and 50 floats had started the skies opened again.

Marchers were drenched to the skin. Floats that took months to prepare at costs of thousands of dollars were witted. The rain straightened out the pretty coiffures of drum majorettes and other girls in the parade.

Later, the skies cleared and the parade finished in clearing weather.

When newspapers came out with the announcement the parade had been postponed, a devoted Miami newsboy cried:

"California dew comes to Florida."

STRUCK FAMILY REOPENS—Workers in auto, left, enter gate of the struck Perfect Circle Corp., Oct. 11 as the piston ring foundry reopened the plant where eight persons were wounded in a skirmish last week at New Castle, Ind. Sealed on grass at right are national guardsmen, on hand to maintain order in the town which is under martial law. (AP wirephoto)

Ike-Dulles Talk Dramatic Move Allays Fears That U. S. Foreign Policy Weakened

By WARREN ROGERS JR.
WASHINGTON (AP)—Diplomats today viewed President Eisenhower's sickbed talk with Secretary of State Dulles as a dramatic bid to emphasize the absence of any U.S. foreign policy lag on the eve of the Big Four conference.

Dulles flew back to Washington Tuesday night after a 25-minute discussion of eight key points with Eisenhower at Denver. The secretary described Eisenhower's suggestions as "extremely helpful."

More tangibly, the conference produced Eisenhower's interim reply to a letter from Soviet Premier Nikolai Bulganin which had criticized Eisenhower's proposal to swap U.S. and Russian military data as a step toward disarmament.

Allay Fears
But an underlying purpose of the trip was described by diplomatic sources as an effort to:

1. Allay Western fears that Dulles will be in a weakened position at the Oct. 27 foreign ministers' meeting in Geneva on account of Eisenhower's relaxed hold on the reins of leadership as he recovers from his Sept. 21 heart attack.

2. Head off any Russian attempt to blame Eisenhower's illness and consequent loss of close contact with foreign affairs as the reason for any East-West disagreements at Geneva.

Dulles appeared anxious at a news conference he held in Denver Tuesday to underscore Eisenhower's role in their bedside chat. It was just like any other foreign policy talk with the President, he said, and added:

"He was interested, alert and helpful with respect to all the matters we discussed."

Dulles said he may go back to

Denver before leaving Oct. 22 to Geneva. He has an appointment Oct. 20 with key congressional leaders, whom he will brief on Geneva policy.

Aside from the Bulganin letter Dulles said he talked with Eisenhower about preparations for the Big Four meeting. But he would not say anything about the other points he said had been taken up with the President.

Couple Ends \$7.84 Diet, Eat Steak

SAN ANGELO, Tex. (AP)—A young San Angelo couple enjoyed a big juicy steak dinner Tuesday night celebrating their proof that two can live on \$7.84 worth of food a week.

"Economizing was fun, but this steak is good, too," said Robert Myre, airmen stationed at Good fellow Air Force Base here.

His wife, Mary, said she preferred not to compare the steak and the week's menus she drew up in accordance with a nutrition report which said the basic food requirements for a couple cost \$8.51 a week.

The week's economizing ended Sunday night with Mary showing a profit of 72 cents over the nutrition report.

Both Mary and Bob said they enjoyed the economy meals and felt they had plenty to eat.

A physical checkup showed the Mary did not lose a pound during the week. She remained a trim 108. Robert dropped from 163 to 160 pounds—which he blamed in part on doing without his nightly half a glass of peanut butter.

New Floor Care Ends Waxing

One of the difficult jobs of housekeeping is to wax linoleum and asphalt tile floors. Now thanks to Glaxo, it's no longer necessary to wax and scrub; just apply Glaxo about twice a year. I maintains a high luster, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

Truman Called Russians 'Pig-Headed' at Potsdam

By ED CREAGH

WASHINGTON (AP)—"You never saw such pig-headed people as are the Russians. I hope I never have to hold another conference with them—but, of course, I will."

The year was 1945. The place was Potsdam, in the heart of conquered Germany. The writer, addressing himself to his mother and sister, was Harry S. Truman, then new as president of the United States. He was thoroughly fed up with his first Big Three conference and wanted to go home.

Included in Memoirs

Truman's "Dear Mama and Mary" letter is included in the latest installment of his memoirs, published in Life magazine. The former president makes these main points about his Potsdam talks with Soviet Premier Stalin and British Winston Churchill and Clement Attlee, who replaced Churchill as prime minister in mid-conference:

1. The only secret agreement reached was a pledge by Stalin that the Russians soon would enter the war against Japan. They had promised to do so earlier that year at Yalta and Truman says American military leaders were "most anxious" to have them carry out their promise.

2. Russia wanted a formal, public invitation from the Pacific Allies to join the war but Truman wouldn't agree. He calls the Soviet bid "a cynical diplomatic move" to claim credit for winning the Japanese war, and declares: "I was not willing to let Russia reap the fruits of a long and bitter and gallant effort in which she had no part."

3. The "most bitter" debate of the conference came over the still unresolved question of Russia's satellite countries. Truman relates Churchill complained of Russia's building an "iron fence" around its puppet states, and that Stalin snapped back: "All fairy tales."

4. Stalin wanted the shape of the postwar world determined solely by the Soviet Union, Britain and the United States, while Truman

insisted all nations be given a voice through the then-forming U.N.

5. The Soviet leader wanted Germany stripped of most industry, arguing that "Germany was a dangerous business rival . . . unless we kept her on her knees."

On the personal level Truman found Stalin polite and likeable, with a "wry humor," but determined to change the subject any time anybody else mentioned an instance "where the Russians had stolen the coffin and disposed of the body."

Back in Business

MONTGOMERY, Ala. (AP)—Mrs. Dick Gassenheimer was in charge of the "lost children" department at the South Alabama Fair. When she was ready to leave the fair for home Tuesday night after a weary day, she had to help find one more missing child—her 7-year-old son Paul.

LOST 29 LBS. WITH RENNEL RECIPE

QUINCY, Ill. (AP)—I have lost 29 lbs. without dieting and by simply following the Rennel home recipe way to reduce. After losing this weight I find that my health is much improved. I was unable to sleep comfortably at night and was bothered with colon and gall bladder trouble but thanks to reducing with Rennel Concentrate I am no longer bothered with these problems. I certainly do recommend Rennel. So writes Mrs. Mary E. Pritchett of 328½ College Ave. Inexpensive Rennel is available at all drugists. Buy a bottle and start reducing today.

Clergyman Wins \$8,000 In Jazz Quiz

NEW YORK (AP)—A jazz-loving clergyman shared the spotlight on The \$64,000 question CBS television and radio show Tuesday night as time limitations nudged out a baseball expert for another week.

The Rev. Alvin Kershaw, rector of the Holy Trinity Episcopal Church in Oxford, Ohio, won \$8,000 in his chosen category of jazz, which he has been studying for a number of years.

He had advanced through \$128 last week when time ran out. Last night he advanced through a number of questions, some of which required the playing of records and consumed considerable time.

On the \$8,000 question he identified a 1925 recording as "St. Louis Blues," composed by W. C. Handy, sung by Bessie Smith, with Louis Armstrong, as trumpet accompanist.

The Rev. Mr. Kershaw 35, will appear on the program next Tuesday night to announce whether he will take his \$8,000 or try the \$16,000 question.

Appearing after the clergyman, Patrick Keough, 62-year-old St. Louis businessman, announced he would try the \$32,000 question in his baseball category.

Master of ceremonies Hal March started to read a question-five minutes before the end of the program. An aide interrupted to say that time was up. Keough said he would return next Tuesday night to try the \$32,000 question. Then came the windup commercial for the cosmetic firm which sponsors the show.

Don E. Self Jr., 24-year-old physicist from El Paso, Tex., was kept off the program by time limitations. He is scheduled to be announced next week whether he will try the \$16,000 question in his mythology category.

Negro Churches Admitted Into Southern Group

AUSTIN, Tex. (AP)—Two Negro churches were admitted to the Austin Baptist Assn. Tuesday night—first in the history of the Southern Baptist Convention, church leaders said. The action came after Dr. Ed Bratcher of Austin, born and reared in the missionary field, said, "it is difficult for a missionary in Africa to explain why their converts cannot attend Southern Baptist churches."

The Indian government Yearbook for 1955 indicates India has about 350,000 motor vehicles. This is about one for every 1,000 persons.

Lake Wreckage Identified As That of Missing Yacht

CHICAGO (AP)—The wife of Philip Atwood says pieces of debris found by the Coast Guard are definitely part of her husband's yacht Tyree.

Atwood, 47, disappeared aboard the yacht Sept. 12, while sailing alone from Chicago. A boarding ladder, a windshield, a door, a bridge seat and pieces of wood were reported Tuesday night to have been found along a 75-mile stretch of beach from South Haven, Mich., to Muskegon, Mich.

Capt. Gordon P. McGowan, Coast Guard commander in Chicago, said the ladder bore the name "Panama." He said Atwood's yacht had been called the "Panama" before the wealthy Chicago industrialist bought it.

"It seems pretty conclusive," McGowan said, that the debris is from Atwood's craft.

He said the long disappearance and the discovery of the debris make it unlikely that Atwood is alive.

Mrs. Atwood, the former goffer star June Beebe, said in South Haven Tuesday that parts of the debris were definitely from the Tyree.

McGowan said some of the pieces of mahogany found appeared to be parts of a railing from a craft of the same make as Atwood's.

Another Coast Guardsman, Engineman Second Class Frank Volek, Grand Haven, Mich., said chalky stains on the door and window frame indicated that the 46-foot power cruiser had exploded. Volek said the debris was probably washed ashore by the high winds that have been buffeting the lake in the last five days. In Rockford, Ill., Atwood's father, James, was reported to be recovering from a heart attack suffered two days ago.

Time Saver

OKLAHOMA CITY (AP)—Police here no longer can huddle with pretty secretaries in the line of duty. Today they began dictating their crime reports into telephones for transcription, instead of transmitting them direct to stenographers. The new system is meant to permit officers to return more quickly to their districts.

MIDGET SUB JOINS THE NAVY—The U.S. Navy's first midget submarine, the X-1, steamed across Long Island Sound toward the submarine base at New London, Conn. The tiny five-man sub—50 feet long and seven feet in diameter—was built by Fairchild Engine and Airplane Corp. in bangar at Farmingdale, L.I. It was designed to test harbor defense installations in American coastal ports. Standing top-side on the 25-ton craft is William Rand, engineer of the company that built the ship. The tiny craft is powered by diesel engines and batteries.

AUTOMATIC PACKAGING MACHINE

HEY BROTHERS ICE CREAM

Pint packages are folded, and filled automatically by this machine, with the cream flowing directly from the continuous freezers into the packages. Unfolded empty packages are fed in one end and travel along the "track" in precise trolled movement, folding the bottom, filling, and closing the top in separate operations. Fast filling by this modern, sanitary method allows minimum handling prompt placement into the hardening room. This is one of many reasons why Brothers are "Makers of Fine Ice Cream."

How to buy real estate safely

1. Consult your lawyer; he will protect your interests
2. Insist the seller provide a Chicago Title Guarantee Policy

When you buy something like a radio or a suit of clothes, you don't ask the seller if there is a judgment against him or if he's late in paying his taxes. You don't care whether he's married, single or divorced. You buy, and that's all . . . it's done.

Not so when you buy a house or a lot. Things like a former owner's marriage or divorce, or an unpaid tax—these things can produce a claim against the title to your home. This claim continues until it's taken care of . . . it can rise up at any time to threaten your ownership.

That is why you should always consult your lawyer when buying or selling property. He will protect your interests—advise you about obtaining good title.

What is a Title Guarantee Policy? It is a form of insurance. It assures that your property rights will be protected if anyone ever questions the title to your home as guaranteed.

Could that happen to me? To anyone. No one can really be sure that he is safe from such a claim.

Suppose I get a deed. Doesn't it prove I own my house? No. Your deed states that a certain person is transferring his ownership of the house to you. But it does not show who else may have rights to the house and the lot it stands on: through a mortgage . . . a judgment . . . unpaid taxes. Nor does the deed change these rights in any way.

But aren't there records on the property? Won't they show if there is anything wrong with the title?

There are records, yes. But some things don't appear in them. Just for example, a man who owned your lot may have had an undisclosed heir—he now claims his share of the property. Again, there may be an error in a long-forgotten deed that upsets the whole chain of title—even a forgery somewhere. Such hidden risks as these can come to light at any time.

Does a Chicago Title Guarantee Policy protect me against things like that? Completely. Should anyone question your title as guaranteed, you get in touch with Chicago Title and Trust Company. The company defends your title . . . pays the court costs . . . promptly settles any loss.

Well, who pays for this policy? Do I? Or the man who sells me my house? The seller pays for a policy, in the amount of the purchase price, showing the condition of the title at the time of sale. You pay only to extend the title search from that date until the day the deed is recorded—a small amount. Once you have the policy, you pay no more to keep it in force.

Sounds like something I should have. How do I go about getting it? Just ask your lawyer to insist that the seller provide you with one . . . it's your right to do so. Truly, here is one of the wisest moves you can make . . .

... be sure to ask for a Chicago Title Guarantee Policy when you buy a home

Ben Franklin Hated Eagle, U. S. Symbol

By HAL BOYLE

LANCASTER, Pa. (AP)—When the question of picking the American national bird was brought up, Benjamin Franklin said to those who spoke for the bald eagle:

"They are damn pretties, I want the turkey."
His peers, as they did on occasion, overruled the wisest scientist-businessman-diplomat—perhaps the most all-around man—the world has known.

Franklin preferred the turkey as a symbol because he thought it was more typical of this land. Many civilizations had used other eagles.

And old Ben, who had many lores, knew the bald eagle had a habit of preying on a hawk called the osprey. It would wait until the osprey dived and caught a fish, then attack it in mid-air, force the harried hawk to drop its earned prey—and dive and grab the reward itself in its powerful talons. Such robber tactics, Franklin felt, shouldn't symbolize the young American nation.

Bald Eagle Not Bald

Perhaps through tradition, perhaps because the bird eagle is one of the world's most magnificent looking birds, perhaps because the founding fathers were weary of Franklin's perfection and the fact he looked like homely home-grown turkey himself, they

turned him down and made the bald eagle the emblem of our land. So he is

"The bald eagle isn't bald at all. It got the name because of the white feathers on its head, and it could just as well be called the 'bald-tailed eagle,' too, because it roosts on white feathers."

The news I have today would interest bird-loving Benjamin Franklin, to whom America was a lifelong loving notebook of discovery.

The news: While bald headed men in the United States are increasingly mighty, the bald eagle is dying out rapidly.

Says Herbert H. Beck, retired head of the chemistry department of Franklin and Marshall college:

"At the present rate of decline of the bald eagle, I feel that by the year 2025 the great seal of the United States in Washington, D.C., will represent a bird that lives only in memory. It will be as gone as the dodo."

Student of Eagles

Professor Beck, who will be 80 next month, for 50 years has been a meticulous student of ornithology, specializing in eagles, and has kept a diary of bird movements all that while.

He speaks with whole-hearted admiration of Charles Broley, a retired Canadian banker who lives in Tampa, Fla., and is known widely as "The Bald Eagle Man."

Rep. Price Says Russia Gains in Arms, Industry

EAST ST. LOUIS, Ill. (AP)—Rep. Melvin Price, Illinois Democrat, said Monday night the Soviet Union is threatening to surpass the United States in the race for industrial and military leadership.

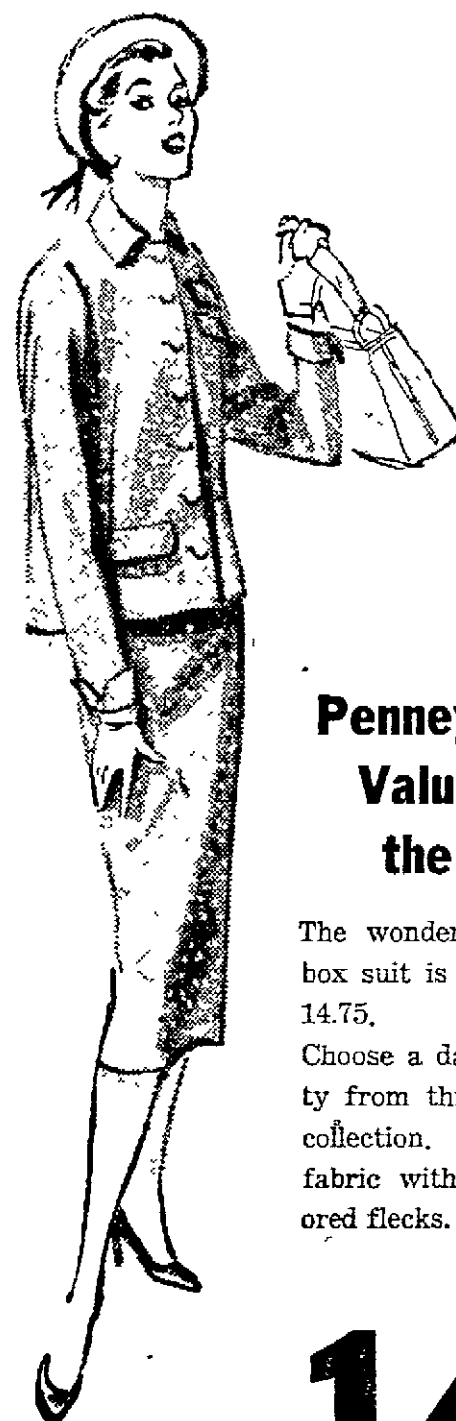

Price told the St. Clair County chapter of the Illinois Society of Professional Engineers Russia has increased the number of its qualified engineers from 40,000 to 400,000 in the last 25 years.

"Our annual output of trained technical manpower has been decreasing," Price said. "Russia now has under way 'the most ambitious program for training scientists and engineers the world has ever seen,'" he added.

The congressman said no young people in America who desire scientific and engineering careers should be denied the opportunity and "we must find a way of persuading a far larger proportion of our young generations that careers in these fields are full of challenge and great rewards."

They have set up a mail network of checks on the habits of eagles and their movements, in cooperation with other bird lovers.
